

SENATE REJECTS PACKER REGULATION BILL

MEASURE REPORTED OUT BY COMMITTEE IS NOT APPROVED

New Bill is Then Introduced by Senator Sterling of South Dakota, After Which the Senate Adjourns—The House Bill Also is Pending Before the Upper Body

(By The Associated Press)
WASHINGTON, June 16.—The senate today rejected 37 to 34, the packer regulation bill reported by its agriculture committee.

A new bill was then introduced by Senator Sterling, Republican, South Dakota and the senate adjourned leaving final action until tomorrow.

The regulatory bill recently passed by the house is also pending before the upper body.

Defeat of the agriculture committee bill, generally described as more drastic than the house measure, and introduction of the new bill threw the packer regulation forces into momentary confusion. A resolution to adjourn out of respect for Representative Mason of Illinois thereupon was approved without dissent.

Leaders in the fight for strict regulation of the packing industry held a conference immediately upon adjournment, and decided to request tomorrow a reconsideration of today's vote which rejected the agriculture committee bill by a margin of three votes. Confidence was expressed by Senator Kenyon, Republican, Iowa, that return of absentees would furnish enough votes to put the committee bill thru.

Will Support New-Sterling Bill
Failing to do so, the packer regulation leaders will attempt to obtain passage of the New-Sterling bill which prescribes much the same restriction for the packing business as the agriculture committee bill but would lodge the administration in the federal trade commission instead of in a live stock commission as provided in the latter measure.

Should the sterling bill fail in house bill would then be before the senate.

Sensor Kenyon said reports of the federal trade commission on the Pittsburgh plus contract system had brought down on the commission the rage of the steel industry and he added "that the lumber industry is now preparing to train its guns on the commission because of the recent lumber report of the commission."

Not Aimed at Honest Business
Nothing in the senate bill would interfere with "honest business," he said yet the greatest lobby in the history of legislation is fighting the measure.

"Let us turn on the light and find out if there are owners of packer stock in congress," the senator said.

Sensor Smoot, Republican, of Utah, declared either the senate or the house bills would be "an entrance on a policy of business regulation."

"If we are going to regulate meat prices," he continued, "then in God's name let us regulate the retailer who exacts the normal profits."

The 37 senators voting to reject the agriculture committee bill included 33 Republicans and four Democrats. The bill was supported by 13 Republicans and 21 Democrats. The roll call on the motion to accept the committee bill as a substitute for the house bill follows:

For the senate bill:
Republicans—Borah, Capper, Cummins, Gooding, Johnson, Jones (Wash.), Kenyon, LaFollette, Lenroot, Nelson, Spencer and Sterling—16.

Democrats—Ashurst, Caraway, Dial, Fletcher, Gerry, Glass, Harris, Heflin, Hitchcock, Jones (New Mexico), Kendrick, Overman, Owen, Pittman, Sheppard, Smith, Swanson, Walsh (Mass.), Walsh (Mont.), Watson, Georgia and Williams—21.

Total, 34.
Against senate bill:
Republicans—Ball, Brandegee, Bursum, Curtis, Dillingham, Edge, Elkins, Ernst, Fernald, Frelinghuysen, Hale, Harold, Kays, Knox, Lodge, McCormick, McCumber, McKinley, McLean, McNary, New, Newberry, Nicholson, Odell, Phipps, Poinseth, Shortridge, Smoot, Sutherland, Wadsworth, Warren, Watson (Indiana) and Weller—33.

Democrats—Broussard, King, Stanley and Underwood—4.

Total, 37.
For senators not voting it was announced that Ladd, Republican, North Dakota; Norbeck, Republican, South Dakota; Robinson, Democrat, North Carolina; and Trammell, Democrat, Florida were for the senate bill. Senator Willis, Republican, Ohio, was present but announced that he was paired.

Debate Evenly Divided
Final debate was evenly divided between proponents and opponents of packer regulation.

SPEAKER DAHLBERG SAVES INHERITANCE BILL FROM TROUBLE

Sends Bill to Third Reading Before Opponents Organize

(By The Associated Press)
SPRINGFIELD, Ill., June 16.—Speaker Dahlberg saved Governor Small's inheritance tax law from trouble tonight when he sent it to third reading while the Democratic side of the house was mustering its forces to kill the measure while it remained on second reading.

Representative McNeill offered a motion which would have put the bill to the supreme test but the speaker informed him he was too late—that the bill had gone to the order of its passage.

Works at Breakneck Speed
The house worked at breakneck speed on senate bills today.

Among the bills passed was the Meritts highway maintenance bill giving the department of public works and buildings full power over the construction, maintenance and patrol of roads and removing five hundred employees of the division of highways from civil service.

The Chicago Sanitary district is compelled, under a bill passed by the senate today, to begin by 1925 some effective method of sewage treatment besides dilution before discharging sewage into the Illinois river. The bill increases the salaries of sanitary trustees from \$5,000 to \$7,500. It has passed the house.

MARINE WORKERS HAVE SIGNED NEW AGREEMENT

Make New Agreement with Shipping Board—Ship Owners Decline to Join in Plan.

(By The Associated Press)
Washington, June 16.—A new working agreement embodying a 15 per cent reduction in wages was ratified by the shipping board and representatives of the marine engineers today and deposited with the secretary of labor.

The new wage scale became effective June 14, it was announced and will continue in effect until December 31. A similar agreement was reached with radio operators it was announced and others will be negotiated with representatives of the seamen, firemen and cooks.

Owners Decline to Join
New York, June 16.—The American Steamship Owners' association representing a large percentage of privately owned American flag tonnage, today declined to join with the shipping board in ratifying a new working agreement embodying a 15 per cent wage reduction, with striking marine unions.

PENNSYLVANIA GETS ANOTHER ROAD

WASHINGTON, June 16.—Authority was granted the Pennsylvania railroad company by the interstate commerce commission today to acquire control of the Pittsburgh, Fort Wayne and Chicago Railway company by the purchase of par from the Pennsylvania company a golding company of \$34,000,000 of special guaranteed stock. As a part consideration obligations would be assumed of the holding company in the matter of payment of the principle and interest \$33,239,000 of guaranteed trust certificates previously issued.

The applicant will thus become the owner of the controlling interests in the Fort Wayne which it now operates under a lease for 99 years.

Aided in Trapping
"BIG TIM" MURPHY
Some of the Chicago newspaper stories giving details of the arrest of "Big Tim" Murphy in connection with the Dearborn street station robbery mention of the work of W. O. Baumgardner in connection with it. This is not the government's policy to give out many details about the work of its postal department inspectors, it is known that Mr. Baumgardner had been working on this case for the past five weeks, spending part of his time in Chicago and the remainder in New York. The Jacksonville man is credited with having shown great sagacity and perseverance in helping to fasten the guilt for the robbery upon Murphy and his gang.

STEEL BRIDGE COLLAPSES; NO ONE HURT

BRATTLEBORO, Vermont, June 16.—A new steel bridge 330 feet long, being built across the Connecticut river here, collapsed today. A working party of 23 men were on it when it went into the river but all were saved.

Congress Honors William E. Mason

WASHINGTON, June 16.—The party escorting the body of Congressman William E. Mason, who died early today of heart failure, will probably leave here late tomorrow or early Saturday for Illinois.

As a mark of respect the house adjourned shortly after convening this morning. Mr. Mason's death was announced by "Uncle Joe" Cannon, also a representative from Illinois who offered a resolution expressing the profound sorrow of the house and directing the speaker to appoint a committee of eighteen members to attend the funeral. It was adopted. A similar resolution of the senate by Senator Medill McCormick was adopted there.

Representative Richard Yates of Illinois issued a statement eulogizing his colleague. It read:

"It was his disposition to not only be devoted to duty but also to be the friend of the downtrodden, the oppressed, the 'underdog.'"

"No one aggrieved, defrauded or robbed in any way ever appealed to him in vain. Hence the cause of the freedmen was his; he made their cause his cause; the disfranchised negro race knew him as their champion."

"The tortured Cuban in 1898 was the recipient of his strenuous efforts; his burning denunciation of Spanish brutality were not matched or equaled. The sufferer in the world war and above all the Irishman he championed and fought for until his latest breath. His place cannot be filled."

"The like of him will not be filled again. Feeling that the ideal public service for an American is the American house of commons, the house of representatives he ought never to have left it, and it would seem ought not to be taken away from it now."

LEGION TO CONDUCT ONE DAY CAMPAIGN FOR NEW MEMBERS

July 4, New Commander's Birthday, is Date Selected

(By The Associated Press)
GRAND RAPIDS, Mich., June 4.—A one day membership campaign will be conducted by the American Legion July 4, Major John Emery, new commander, announced today, following his arrival from Indianapolis.

"Legion members are going to bring in one new member each on that day," Major Emery announced. July 4 is his birthday anniversary.

In a statement regarding plans for the future of the Legion, Major Emery declared the organization "will provide first for disabled men."

"And by that I mean those financially disabled as well as physically disabled," he said. "There are women and little children as well as needy men whom we must look after. I shall take a decided stand in the matter of immigration for the sake of our country's welfare I believe the influx of immigration should be stopped or at least permanently regulated."

Major Emery announced he would follow closely the plans of Colonel Frederick Galbraith, late head of the Legion.

MARKHAM URGES NEED OF HARMONY

Says There Should Be Full Cooperation Between Railroads and Mississippi-Warrior River Barge Line.

(By The Associated Press)
New Orleans, La., June 16.—Charles H. Markham, president of the Illinois Central Railway in a telegram to the Times Picayune today urges harmony between railroads and the government's Mississippi-Warrior River Barge Line.

He went on record emphatically pledging full cooperation for the establishment of thru rail and water rates for the transfer of freight between river barge and freight cars.

His statement was in the form of a comment on earlier action of the Illinois Central in agreeing to an arrangement with the barge line whereby transfer terminals for the interchange of freight between the railroad and the barge line are to be established within the next fifteen days at Cairo, Ill.

BIG CROWD HEARS EVANGELIST LINTON

A crowd that filled the gospel tent before 7:30 o'clock greeted Evangelist Linton Thursday night. Before the services, Miss Nelle Self sang a solo, "My other's Prayer."

The theme of the Rev. Mr. Linton was "Conscience" and he gave his audience some straight from the shoulder facts.

At the close of the service twenty professed conversion. This makes a total of 65 who have answered the invitation since the meeting commenced.

L. & N. INCREASES STOCK SEVERAL MILLIONS

New York, June 16.—Directors of the Louisville & Nashville railroad company today voted that the stock of the company be increased from \$72,000,000 to \$125,000,000. It also was decided to issue stockholders a stock dividend of as much of the proposed increase of \$53,000,000 as the interstate commerce commission might authorize.

SENATOR DAILEY LEADS FORCES IN HOME RULE FIGHT

Peoria County Senator Opposes Governor's Measure

(By The Associated Press)
Springfield, Ill., June 16.—Fulfilling others predictions that he would break with the administration on the utilities home rule question, Senator John Dailey of Peoria took the leadership of forces opposing the bill when the measure came up in the senate late today.

Several amendments had been tied to the bill and the home rule proviso was under fire with the senate recessed for the biennial senatorial banquet which was held tonight in honor of Governor Small's birthday anniversary.

The senate agreement called for a night session beginning at 9:30, to continue the fight on the home rule amendment requiring a petition of 25 per cent of the voters of a city before home rule can be adopted. Adoption of the amendment meant virtual defeat of Governor Small's purposes, administration leaders said.

Senator Dailey characterized the bill as a piece of ridiculous legislation declaring that absolute abolishment of the utilities commissioner should have been provided and absolute home rule substituted if the governor wanted to do away with the old utilities law which has been in operation since 1913.

INTERNATIONAL FUR EXCHANGE IS THING OF PAST

Had An Indebtedness of Approximately Fourteen Millions

(By The Associated Press)
ST. LOUIS, Mo., June 16.—The passing of the International Fur Exchange, at which some of the largest auctions in the history of the art were held was announced this afternoon following a conference between bankers and officers of the exchange.

The exchange, it recently was announced, was indebted approximately fourteen million dollars to banks in New York and St. Louis and on June 2, it was said, there would be no further extension of these loans. Depressions in the fur market was ascribed as the cause of the company's indebtedness.

Today's announcement said that with the exception of the F. C. Taylor Fur company and the Funston Brothers company all of the exchange would be liquidated.

"The good will of the Taylor and Funston companies merged into the exchange when it was founded in 1916, was sold for \$500,000 each by creditor banks the entire amount of the exchange was incorporated for \$7,500,000."

U. S. GRAIN GROWERS WILL TAKE NO PART

President Announces That It Will Not Participate in Proposed Method for Credit Facilities in Handling Crops.

(By The Associated Press)
CHICAGO, June 16.—C. H. Gustafson, president of the U. S. Grain Growers Inc., upon his return today from Washington where he attended the Wallace-Hoover conference which sought a method by which farmers would be able to obtain better credit facilities for handling their crops announced that this organization would take no part in the project.

"We have decided," he said, "that the proposal will give farmers no advantage they will not have thru membership in the United States Grain Growers, Inc., and the Farmers' Finance corporation. Moreover we fear that the impression has been conveyed to the public that it is semi-governmental in its nature and not apart from the government."

FIRST HANDS ARRIVE FOR KANSAS HARVEST

Kansas City, Mo., June 16.—Several men, the first raft of wheat hands from Chicago, St. Louis and the east were cleared thru the federal employment bureau here today and sent immediately to Kansas.

A. L. Barkman, field representative of the United States employment service said more men would arrive tomorrow and the number will increase each day. Men can be placed without delay, he said.

SENTENCED FOR ATTEMPTED FRAUD

Guthrie, Okla., June 16.—Tony L. Moss, whose invention of a tire patch brought him wealth was sentenced to 14 months in the United States penitentiary at Leavenworth today on a charge of attempting to defraud in filing his 1918 income tax return.

Freeport, Ill., June 16.—While visiting in the office of her brother, Dr. J. J. Grant tonight, Miss Mary Grant, 33, leaned against a screen in a window and fell to her death from the pavement five stories below.

AMERICAN LABOR REPUDIATES ONE BIG UNION IDEA

Action is Unanimous at Convention Being Held in Denver—The Resolution Introduced by Negro Delegates Creates Confusion—Minister is Given Great Ovation

(By The Associated Press)
DENVER, Colo., June 16.—The American Federation of labor today unanimously repudiated the "one big union" idea. Without discussion the convention sustained the action of its committee on organization in non-concurring on a resolution calling for "one body of workers thru amalgamations, federations and protective agreements."

The declaration also urged all national and international unions to insert clauses in their working agreements whereby they can "render such assistance needed by any and all crafts, when called upon to do so."

It asked that all unions arrange the dates of their contracts so that they would expire at the same time.

Thrown Into Confusion
The convention was thrown into confusion when several delegates by objections denied the negro delegation permission to introduce a resolution condemning the violence of the Ku Klux Klan or "white caps" of the south.

Nearly a score of delegates jumped from their seats and demanded the names of the delegates who had objected.

President Gompers declined to give the names of the delegates. As the confusion increased President William Hutchinson of the United Brotherhood of Carpenters and Joiners arose and said:

"If you want to know who the objectors are—it is I."

The resolution also urged that steps be taken to have the government abolish this unlawful organization known as the Ku Klux Klan or "white caps" and that the federation use its best endeavors to protect organized labor as represented by the colored workers.

Minister Given Ovation
One of the greatest ovations ever given a speaker in a federation convention was given the Rev. G. S. Lackland of the Grace Methodist Episcopal church of Denver who discussed the duty of the church to labor. He was cheered repeatedly by the delegates as he condemned the enemies of organized labor.

"Th pulpits of America have been pleading for the women and children of Belgium," said Mr. Lackland. "Why in God's name do they not plead for the women and children in America?"

"Three fourths of the hundred thousand babies died last year in the homes of workmen where the open shop or American shop, so-called, conditions prevail—where they defile labor."

He declared the American Legion should "get together in the fight for the masses," adding "I believe they will."

Greetings from Legion
Colonel Olney M. Ouseley, director of the American Legion brought a fraternal message from that organization to the labor men.

"The harmony of this nation and its honor only can be preserved by upholding the constitution," he said, closing with an appeal for justice "to each and every man."

Reports that President John Lewis of the United Mine Workers would announce his candidacy for the presidency of the federation in opposition to Mr. Gompers within the next few days could not be confirmed tonight.

Representatives of several unions supporting Lewis claim that he is assured of from four to ten thousand votes of the thirty-five thousand votes in this convention.

WEATHER REPORT

Illinois: Generally fair and continued warm Friday and Saturday.

Temperatures
The current, maximum and minimum temperatures as recorded Thursday were:

Jacksonville, Ill. . . . 84 92 67
Boston 70 80 52
Buffalo 64 70 56
New York 70 80 56
New Orleans 80 92 76

Now just as people were beginning to forget the Stillman case more prominent witnesses come into court and the whole unsavory mess is again given prominence of newspaper space.

Small boys hopeful of becoming multi-millionaires may be interested in John D. Rockefeller's announcement that he made his first dollar raising turkeys away back in 1848.

The starving are not always grateful after they have been fed. The name of a new street in Steyr, Upper Austria, is "Mr. Herbert Hoover Strasse."

THE GREAT AMERICAN BOY.

It is worth while to mention again the exceptional interest that the people of Quincy are now showing in the boys of that city. Business men, co-operating with the Y. M. C. A. have arranged a river excursion to be given at an early date which every Quincy boy sixteen years old or under can attend without expense.

Another early event is a Boy Scout excursion, when 25 Scouts are to be taken on a trip thru a number of cities. This excursion has been arranged as a reward for special proficiency in Scouting. Still other picnic events are planned for the summer and Y. M. C. A., the Rotary club and Quincy citizens generally are entering most heartily into the general movement, which gives emphasis to the importance of the American boy.

HAD HOLD ON THE PEOPLE.

William E. Mason, congressman at large from Illinois, has ended his life journey. Congressman Mason died in Washington, Thursday and thus ended an unusual political career. It cannot be said that the congressman was a brilliant man, yet largely because of his ability as a public speaker he had a hold on the people of Illinois that was equaled by few men in public life. "Billy" Mason never lacked for an apt story, and in campaign days, es-

pecially down state, he was always in demand for public speaking and was easily a favorite with the average crowd.

In the world war and in the time of the Spanish-American war Mr. Mason did not act with the majority of his party, but his constituents seemed to freely forgive any mistakes made and his popularity continued until the closing of his life.

A WISE DECISION

In order that the Atlantic might float more food-bearing ships than any number of German submarines could possibly sink, and thus defeat Germany's one hope of triumph, the Wilson war administration spent three billion dollars in the construction of shipping, a great part of which did not reach completion until after Germany collapsed. The present administration is now prepared to accept as an "unavoidable loss" two billions of the three billions, regarding it as futile under present circumstances to place upon the fleet a higher valuation than a billion dollars in the Shipping Board's plans for the operation and sale of the ships. The announced purpose of the new board is to get the government out of the shipping business as rapidly as possible, and it is recognized that the sale must be based, not on the excessive cost in war time, but on the present actual value.

The proposition will be generally commended.

SUICIDES INCREASE

How the Save-a-Life League can to any appreciable extent achieve its noble purpose of extending emergency aid to persons tempted to take their own lives is not easy to understand, for intending suicides never make public and rarely even private announcement leaving the news to spread only after the event. But such a league can collect useful statistics, and it is interesting to learn from its report that more than 6000 cases of suicide were brought to its attention in 1920, more than a thousand in excess of 1919. It is startling to hear that the league's statistician believes that there were twice that number of actual suicides and that number of unsuccessful attempts was equally large.

It is distressing to learn that 707 of the known 6000 suicides of 1920 were of boys and girls. The supposed causes were actual or threatened failure in school or parental reproach or abuse. There is warning here, to both parents and teachers, that morbidly sensitive children need to be tenderly or specially handled. Many farmers and farmers' wives and 400 returned soldiers are on the 1920 list. Rev. Henry M. Warren, president of the league, attributes the great increase of the suicide rate largely to divorce, to living

conditions, and to conditions brought about by national prohibition and the restriction of drugs, desperation following deprivation of customary stimulants.

CHILDREN'S PARTY AT WINCHESTER HOME

Mrs. Robert Gasen Entertains in Honor of Son's Birthday—Other Winchester News

Winchester, June 16.—Mrs. Robert Gasen entertained a number of little friends Thursday afternoon from 3 to 6 o'clock in honor of the fifth birthday of her son, Bobby. The little folks enjoyed a very happy time during the afternoon and before the time for departure came the hostess served delightful refreshments. Bobby received a number of very nice gifts.

Mr. and Mrs. Charles Fitzsimons of Bluffs were visitors here Thursday.

Miss May Reeder returned Thursday from several weeks' study at Normal.

A little son was born to Mrs. Mary Jefferson Taylor Tuesday at the home of her parents, Mr. and Mrs. George Jefferson.

Supt. C. W. Smith and family left Thursday night for Champaign where they will spend the summer. Mr. Smith is taking special work at the university.

The ladies of the Christian church will hold an ice cream social on the church lawn Friday evening.

Master Ernest Hart, son of Mr. and Mrs. Walter Hart, met with a very painful accident Wednesday. He was riding on a bicycle and fell from the wheel, catching his foot in such a manner that the ligaments were torn loose in one ankle. The boy will be confined to his home for some days to come.

We have no connection with any other store in the city of Jacksonville.

Mrs. Ralph Riggs was up to the city from Riggsdon yesterday.

JURY RETURNS VERDICT IN FRANK MILTON CASE

Man Indicted on Grand Larceny Charge Found Guilty—Defendant Represented by Springfield Attorney.

In the circuit court yesterday the case of Frank Milton of Beardstown, charged with grand larceny, was heard before Judge Jones. Milton was accused of stealing a number of chickens, the property of George Ruble in Alexander precinct. He was indicted on a grand larceny charge but the jury after some deliberation returned a verdict finding the defendant guilty and the value of the stolen property to be \$14.60. Under this finding the charge was changed from grand larceny to petty larceny.

Marion Johnson was indicted jointly with Milton for the theft of the chickens and the two were placed in jail. Johnson was subsequently released on bond and was turned over to the Missouri authorities to swear a crime charge there.

In the case here yesterday Milton was defended by Charles S. Gibbs of Springfield, a colored attorney. The prosecution was conducted by State's Attorney Carl E. Robinson. Mr. Gibbs has a large practice in Sangamon county and frequently appears in criminal cases.

The jury which heard the evidence here included E. L. Kinney, E. M. Hembrugh, Edward Vortman, H. F. Kormeyer, A. R. Myrick, William Waggoner, Fletcher Matthews, A. J. Jones, L. H. Yost, E. R. Landes, E. A. Ellis and B. C. Lair.

We are remaining open evenings until 9 o'clock and all day on Sundays.

PASSAVANT NURSES RECEIVE DIPLOMAS

Annual Commencement Exercises of School for Nurses Takes Place in State Street Church—Address by Miss Mary E. Wheeler of Chicago.

The graduating exercises of the training school for nurses took place at State Street Presbyterian church last evening. The large size of the audience considering it was after the close of schools when so many are gone and the night so warm was truly a high compliment to the institution which is so valuable to the city of Jacksonville and contributing territory.

An organ prelude was the first number and then the class and nurses of the school filed in in a body, and took their seats amid the applause of the audience.

President A. A. Curry had charge of the meeting and announced prayer by Rev. W. H. Marbach after which Mrs. William Barr Brown favored the audience with a group of songs rendered in her usual accomplished manner.

President Curry then said in brief:

"I am certainly glad to be here tonight. Passavant hospital is surely a wise investment and is better appreciated each day. When I returned today from a trustee meeting of Shurtleiff college, my daughter whom I had left well last Monday was in the hospital after an operation. How little we know how soon we may need such a haven of rest when ill.

"Passavant hospital has fastened itself to the hearts of the people more than ever before and the noble work of the nurses is better appreciated than ever.

"I now have the pleasure of introducing Miss Mary E. Wheeler, superintendent of the Illinois Training School of Chicago."

The lady is one who stands high in the profession and is widely known for her great ability. She said in part:

"As a class we largely reflect the sentiments of the people. We often fail to harmonize with the soldiers. Soldiers were decorated for bravery in the field of battle and they deserved it, yet how often the nurse deserved as much and received nothing. We have come in competition with nurses not at all educated and fitted for the work and the public has demanded of us that we accomplish the greatest things and fails to give us credit.

Would Lower Standards

"There are those too who would lower the standard for trained nurses but they cannot long succeed.

"Our capital is our buildings, our equipments, our forces and our plant. We use our capital in various ways. We educate young women to become trained nurses. We are too educating the doctors to know how to use good nurses and to insist on them in important cases.

"We are educating and creating friends for the hospital and showing them the wisdom of the hospital or the trained nurse in cases of serious illness. There is a waste in poor training, unwise buying and other ways which should be remedied by doing away with the useless parts. We use our capital also in the training of capable young women to go forth to lives of usefulness.

Quality of Students
"The student here learns to care for sentiment and trusts herself. The graduates have manifested loyalty to the hospital and boards of directors. Have put good ideas into practice. Students should be most carefully selected as their careers may redound to the good of the hospital if wisely chosen but otherwise when not. It is the duty of the public to work for the hospital and be a moral force for its welfare. The public nurse is becoming a much appreciated person."

"The students should come from the best classes and be persons of strong character and high type of womanhood. There are 1220 used more or less by the government and they call for a great many nurses.

"The nurse needs imagination to enable her to see the needs of her patients and their surroundings. She needs sympathy to enable her to enter into the feelings of her patients and do the best for them; she needs justice so that she may show no favoritism and strictly follow the doctor's orders. We need nurses of every description; well versed in the profession not only for the sick room but in other callings.

"Some will say the rewards hardly are commensurate with the effort and cost. True; the nurse doesn't seem at times to be well appreciated but in the long run the one who does her work faithfully stands high in the community. It is not as pleasant to seek a position as to have the position seek you which it will do if you are wise. It will take some time but the reward is worth it. Give your lives to the work faithfully and honestly and the rewards are great in time and eternity."

Mrs. Helen Ayers Bullard then favored the audience with an organ solo most artistically rendered and then Dr. Woltman, dean of the training school, said in brief:

School is Asset

"The nurses' training school is a prime asset of Jacksonville. No institution in the city does the work it accomplishes. The people would Jacksonville have done in do not realize its value to the community till they need it. What years past without this training school.

"The training school was organized in 1902 and since that time including the five receiving diplomas tonight, 88 young women have diplomas from the institution. The nurses were loyal to the training school. Once during the great war we were without any of-ficers in the school and went about, found some who had been

trained in our school and they took hold and did well.

"There was a time when people were not friendly to the trained nurse but it is not so now. The 88 did good service in all walks of life and 22 went into the service of their country and made good records. I now take pleasure, Mr. President, in presenting you the class for diplomas: Lucretia Hutchinson, Jacksonville, Ill.; Ada Powell, Roodhouse, Ill.; Florence Buchanan, Perry, Ill.; Margaret Irving, Jacksonville, Ill.; Marie Weder, Winchester, Ill."

President Curry presented the diplomas to the class and remarked that he was indeed proud to be here and proud of the class and he hoped they would ever lead lives of usefulness. The diplomas would be like a check on the bank, ready to provide you with employment or whatever you need. I am glad there is such a good feeling between the hospital and the people; it should be a great deal warmer yet. I hope you will be blessed in your work and always strive to serve your Maker and your fellow men.

Mr. Marbach closed the exercises with a brief prayer.

Miss Buchanan's family were present, mother, father, two sisters and brother, as follows: Mrs. Mary Buchanan, Miss Nellie Buchanan, Mr. George Buchanan, Perry; W. W. Buchanan and family and Mrs. George Straus and daughter Maridena, of Griggsville.

White flannel trousers. All wool flannels. Very special at \$7.75.

FORMER RESIDENT DIES IN KANSAS

Mrs. Anna McDermott, Passed Away Thursday Morning at Family Home in Osawatimie, Kan.—Funeral to Be Held Monday Here.

Joseph A. Walters received a message Thursday night telling of the death of his sister, Mrs. Anna McDermott, which occurred Thursday morning at the family home in Osawatimie, Kans. No particulars were given, but it is probable that death came after a very brief illness. The remains will arrive in this city Saturday and funeral services will be held at the Church of Our Savior Monday morning, at an hour to be announced later.

The deceased was born in Mt. Sterling, Ill., and was about thirty-eight years of age at the time of her death. She was a daughter of Mr. and Mrs. John A. Walters, formerly well known residents of this city. The deceased was united in marriage a number of years ago to John McDermott, who survives.

Mrs. McDermott is survived by her mother, Mrs. John A. Walters of Osawatimie, Kan., and the following brothers and sisters: Joseph A. Walters and Mrs. John Kehoe of this city; Mrs. William Standish, Springfield; Mrs. Katherine Hale, Osawatimie, Kan.; Harry Walters, ePoria; Freu Walters, Mercedosia.

Hats, choice, \$1.00
Mrs. Abbott. Ill. 881.

BASKET DINNER AT LYNNVILLE CHURCH

There will be a basket dinner at the Lynnville Christian church Sunday, June 19, 1921.

Lunch will be served at the close of the morning service in the church dining room. All friends and members are cordially invited to join in this gathering.

The Bible school will meet at 9:45 and the hour of worship will begin at 10:45. Mrs. Ralph Wiley will sing at this service. The subject of the sermon will be: "The Church."

'The Heart of Maryland'

From the Famous Stage Production by David Belasco A Vitagraph Super-Production

"The Heart of Maryland" was one of the greatest plays ever presented upon the stage. It is one of the vehicles that will always be associated with the name of David Belasco and has been a favorite for stock production several years. Most of the stars and popular players upon the stage today have appeared in this stirring play. Catherine Calvert, a favorite of both stage and screen, has the role of Maryland Calvert. The production has been made on an elaborate scale, filmed in the locale of the story on authentic historical sites.

On Wednesday Mrs. Mary Rousey and family entertained the following guests at dinner: Mr. and Mrs. Herbert Wadsworth and grandson of Warren, Minn.; Mr. and Mrs. Frank Powell of Chicago and Warren Wadsworth of White Hall. Ed Rousey of Springfield was also a guest of home folks.

WOULD AMEND THE CIVIL SERVICE LAW

Measure Introduced in Senate By Senator Wheeler Would Apply to Several State Departments.

Various opinions have been expressed as to the provisions of the bill introduced in the state senate by Senator Wheeler relating to civil service. The text of the proposed law is as follows:

Section 1. Be it enacted by the people of the State of Illinois, represented in the general assembly: Section 11 of "An Act to regulate the civil service of the State of Illinois," approved May 11, 1905, in force November 1, 1905, as amended, is amended to read as follows:

Sec. 2. The following officers, positions, and places of employment shall be exempt from the classified Civil Service of the state:

(1) All officers elected by the people.

(2) All judges and officers appointed by judges of any court, clerks of court, all officers and employees of the general assembly, or either house thereof.

(3) All offices, position and places of employment in the military service of the state.

(4) All notaries public.

(5) All officers appointed by the governor by and with the advice and consent of the senate.

(6) One private secretary and one stenographer for each elective officer in the executive department, and one private secretary for each director of a department created by the civil administrative code of Illinois, for the president of each state normal school and for the president and each dean of the University of Illinois.

(7) All regular and special Assistants Attorneys General, all law clerks, special investigators, and all special attorneys employed by the Attorney General, including the inheritance tax attorney of Cook county and Assistant inheritance tax attorneys of Cook county.

(8) All presidents, deans, principals, professors, instructors, scientific staff and other teachers of the University of Illinois and of the state normal schools.

(9) All employees of the executive mansion.

(10) All bank examiners, examiners of building and loan associations, insurance actuaries and examiners of insurance companies.

(11) All superintendents, assistant superintendents, wardens, deputy wardens, chaplains, farmers, secretaries, parole agents, state agents, home visitors, clerks, investigators, inspectors, deputy inspectors, examiners, arbitrators, statisticians, storekeepers, assistant fire marshals, guards, watchmen, policemen, mechanics, all

employees in the department of public works and buildings and in the department of agriculture. In the University of Illinois and in the state normal schools, students may be employed under the rules of the civil service commission without examination or certification.

John Bobbitt of Chapin was a visitor in town yesterday.

BRADY BROS. HARDWARE COMPANY

URGENT APPEAL FOR PUEBLO FOOD SUFFERERS

Five hundred thousand dollars are urgently needed as a bare minimum sum to do most necessary relief and rehabilitation work in the city of Pueblo according to conservative and careful estimate. On behalf of the stricken citizens of Pueblo the undersigned earnestly appeal to the generosity and sympathy of the nation to assist in meeting the situation which is entirely beyond the resources of the community by sending in their contributions.

More than fifteen hundred families already have been listed by the Red Cross census as being in need of help. Many of them have lost all they possess. These families represent an approximate total of seven thousand persons and the census is not yet complete. Hundreds of dealers, large and small have been paralyzed by the flood which completely wiped out their stocks and ruined the buildings in which they were housed. The damage is estimated between fifteen million and twenty five million exclusive of loss of municipal highways and railroad property. The flood victims must be helped to regain normal economic existence before the city can return to its position as a self-sustaining community. Upon invitation of the governor of Colorado and the city of Pueblo the American Red Cross has undertaken the task of rehabilitation and is in charge of all relief work. Destitute families are now being taken care of in refugee camps and thousands are being fed daily at Field Kitchens maintained under Red Cross direction. Initial steps to rehabilitate these unfortunate persons have been started. So that they may again become productive citizens and not continuing objects of charity, homes must be built and productivity restored, with the principle always adhered to of making each sufferer help himself as far as he is able. This will necessitate funds being made available immediately. The Red Cross has appropriated one hundred fifty thousand dollars to the relief funds but general subscriptions reported to date have been light.

May we the undersigned urge the need of haste on the part of those who can assist, expressing our deep gratefulness for the assistance that may be given. Oliver Shoup, Governor of Colorado.

James L. Lovern, President Pueblo City Council.
C. L. L. Gann, President Pueblo Commerce Club.

PREPARE FOR DASH TO FAR NORTH OIL FIELDS

Fortune Seekers from All Parts of World Gather in Canada.

Edmonton, Alta. — Fortune seekers from all parts of Canada and various parts of the United States are gathering for their dash into the far north oil and mineral fields when navigation opens about the middle of June.

Edmonton, Fort McMurray and Peace River Crossing, the latter two gateways into the Mackenzie river basin oil fields, are showing signs of great activity with large fleets on river steamers and gasoline boats getting ready for the short summer transportation season.

Edmonton railroad yards are jamming through freight for

north points and both Fort McMurray and Peace River Crossing are experiencing unprecedented prosperity and bustle, all coming from the first wave of the oil boom.

The little town of Fort McMurray has already doubled its population since last fall and with the opening of navigation it is expected to reach four times its previous size. Many new buildings are being erected, while along the banks of the river boats, scows and lumber craft are being constructed.

Peace River Crossing also is garnering its share of the rush. This town is the temporary headquarters of the government parties going into the north country this year in addition to oil prospectors. The government parties are getting ready at Peace River or have already taken the field from this point, including four topographical, three geological and one astronomical survey parties. Another government party will make an exhaustive report of the possibilities of the new oil fields.

River men say they will be able to handle all freight offered for northern points, recent heavy rains having filled all northern streams and solved the problem of low water which threatened to tie up migration to the Mackenzie fields.

In the meantime the activity at Fort McMurray and Peace River Crossing is growing in intensity daily. Every train to the north is crowded and travelers from both points say that accommodations are at a premium. One party leaving here for Fort McMurray took along their own bedding and shelter tents, reports being that they would be unable to obtain them on arrival. River craft are taking the water daily at both these points.

That dominion authorities anticipate some difficulty with parties of "Chechakoes" or newcomers, in the country is evident from the stringent regulations governing entry into the new lands.

At all police points manned by the Royal Northwest Mounted Police, oil seekers and others are compelled to show their entry permits. These permits are not issued unless the applicants satisfy the police patrols, composed of "hangers" and "sour doughs" that they are physically capable of enduring hardships, are properly equipped for the long journey, and are assured of being able to return to civilization at the end of the season's work. Failing in this they must show that they have a grub stake sufficient for a full 12 months or that they have the necessary orders on the trading posts already established to carry them thru for a year's supply of food.

Thus far few of those applying for permits have been refused by police officers.

Later on, when the real rush begins, police officials say, considerable weeding out will have to be done.

The 16-mile portage between Fort Fitzgerald and Fort Smith is expected to show considerable congestion when the rush starts, old timers say, notwithstanding the presence of 50 teams and several powerful tractors which have been sent to this strip of land to cope with the influx.

The two natural routes leading to the Fort Norman fields are via Peace River Crossing and Fort McMurray. There are two other routes however which would land from six weeks to two months the travelers in the new fields earlier than by either the Peace or McMurray lines, but both these routes call for long portages and considerable outfit.

GARIBALDI VOLUNTEER DIES IN LONDON

London. — Jules Sambon, aged 84, one of Garibaldi's famous thousand volunteers who fought for the independence of Italy, has just died here. He was twice wounded on the Voltorno battle fields.

At one time he owned a remarkable collection of ancient objects illustrative of the history of the theater throughout the ages. This was acquired by the Italian government and now forms the museum of the Scala Theater in Milan. He was also the author of a notable work on coins.

Sambon married Laura Elizabeth Day, a relative of Charles Dickens and a descendant of Vitus Bering, the navigator.

SOME EASY FISHING.

The recent rains have caused Mauvasterre lake to overflow and it has been found impracticable to place a net or screen to keep the fish from going over the spillway. There are a lot of rough rocks in the bottom below the spillway and about these the fish flounder and become easy prey to boys who wade in and take them out. One lad took a fish twelve or fourteen inches long and several smaller ones from the same place. It is to be hoped that all who find any small fish will throw them back into the lake.

COAL SHORTAGE SERIOUS

Hull, Eng.—The shortage of coal has been so serious here during the strike of miners that the people were unable to obtain hot water. To meet this situation, the National Kitchen, which happened to have a supply of coal, sold hot water to the working people at one-half penny a bucket.

The shortage of coal also produced a shortage of ice as it handicapped the artificial ice plants. To obviate this, trawlers were sent to Holland to bring coal which they exchanged here for ice.

Philadelphia, June 16. — The federal bank of Philadelphia today announced the establishment of a flat rate of 6 per cent on certificates of indebtedness and the new three year treasury notes. Other rates are unchanged.

CITY AND COUNTY

R. W. Robinson was down to the city from Asbury yesterday.

Harry Furry, grain elevator man at Merritt, was a caller on town folks yesterday.

J. H. Lynch and family of the Peace River Crossing made the city a call yesterday.

Mrs. James Woodson of Bluffs traveled to the city yesterday.

R. W. Chapman journeyed from Roodhouse to the city yesterday.

Mr. and Mrs. J. B. Bean came up to the city from Winchester yesterday.

Edward Whorton journeyed from Concord to the city yesterday.

Frank Hembrough of Asbury was added to the list of city arrivals yesterday.

J. F. Buck traveled down to the city from Springfield yesterday.

F. G. Minter of Bloomington was among the city arrivals yesterday.

H. P. Lawson of Waverly was added to the list of city callers yesterday.

The place of business of Bahan brothers is being overhauled and placed in fine shape within and will be very attractive when the work is completed. G. A. Sieber is doing the wiring, Lon Barrows the painting and Thos. Humley the plastering and carpenter work.

A. C. Barnes rode up to the city from Manchester yesterday.

TAXICABS INVADE CAPITAL OF CAESARS

ROME.—Taxicabs have just invaded Rome. New, brightly painted vehicles similar to those of New York have just made their appearance, replacing as many horse drawn cabs, which have held sway in the capital of the Caesars for centuries.

The taxicab, though welcomed with open arms by the general mass of Romans, has met for years a stonewall opposition for the right to circulate in Roman streets. The 5,000 cab drivers and livery men fought its use, and warned the city administration they would be defeated at election if the taxicabs were admitted.

This opposition has in a measure been overcome but there still remains some cab drivers' prejudice against motor vehicles in their business. They have insisted that the chauffeurs be mainly recruited from the cab drivers.

TWO DROWNED WHEN CANOE OVERTURNS

Beloit, Wis., June 16.—Richard Ward, 38, of Beloit and Miss Ruth Nice, 22, a school teacher, whose home was at Jefferson, Wis., were drowned in the Rock river today when their canoe upset. Two other women in the canoe were rescued.

SIDEWALK BANQUETS SERVED IN HAVANA

Havana.—A "sidewalk banquet" was one of the features of the post-inauguration ceremonies attended by President Alfredo Zayas. It was given by an organization known as "The Boys of the Louvre Sidewalk," a group accustomed to meet daily under the portico in front of a building formerly occupied by the Hotel Louvre.

The hotel no longer exists, nor are the members of the organization any longer boys, but they still gather at the old meeting place, which fronts on Central Park.

Far from devoting all their time to ogling women passersby, the "boys" engage in heated debates on questions of the day and outline the political attitude they will assume. Since they come from among the best families of the capital, their influence is not inconsiderable, nor do they lack for publicity.

SAYS MURDERS BY REBELS TOTALS 568

London, June 16.—"Murders by rebels" in Ireland since July 1920 have totalled 568, Sir Hamar Greenwood, chief secretary for Ireland, stated today. The number of crown forces convicted for murder, he added, was: The military, none; the Royal Irish constabulary, 1 and the police auxiliaries 1, the last named man being found to be insane.

There's No Upkeep Cost when you operate an Iceless Food Cooler

This wonderful invention satisfies a long-felt want—a perfect refrigerator which requires NO ICE to keep cool.

For small families and light-housekeepers the Gedwin Iceless Refrigerator is the most practical solution to the refrigeration problem.

Requires but small space and comes in two sizes—inside dimensions are 10 3-8 inches by 8 3-4 inches and 13 1-4 inches by 10 1-2 inches.

Come in and let us show you this thoroughly practical and EXPENSELESS refrigerator.

Y. M. C. A. DIRECTORS
MET THURSDAY NIGHT

Had Supper and Conference at Peacock Inn — Will Seek To Raise Remainder of Two Year Budget.

Directors of the Y. M. C. A. met at the Peacock Inn at 6 o'clock last night for supper and a conference. It was decided at this meeting to again take up the campaign for funds and secure the remaining half of the \$3,200 which is necessary to pay the current expenses until May 1, 1922. President H. J. Rodgers presided and called upon Rev. W. H.

Marbach to offer prayer. Following the serving of a very excellent supper the president called upon W. G. Goebel, treasurer, for a report. Mr. Goebel reported the sale of the old Y. M. C. A. building and the purchase of the present half block on West State together with the investment of the remaining funds. Mr. Goebel said that the directors hoped to enter upon a building campaign as soon as possible but now seek the support of the community in maintaining the organization and a limited amount of work until business conditions warrant a campaign.

It was noted that last April an effort was made to raise a two year budget, but that owing to other problems entering only half of the desired amount was secured. It was stated that the association will now ask the balance of the sum needed to run the Y. M. C. A. activities until next May, to take care of the usual pledges paid to the state and international associations, and the Y. M. C. A. college, which have formerly been sent direct to these organizations.

H. T. Scott, general secretary of the Y. M. C. A. of Springfield, made an informing talk on the Y. M. C. A. platform. He said that it was a part of the work of the association to rebuild men as well as boys and to help them in discovering themselves.

A. L. Meyer, district state secretary of the association, presented a working plan for securing the necessary funds. He laid emphasis upon the necessity for continuing the contact with the leaders among the boys and young men of the city. He mentioned that during the past year he had been frequently in the local Y. M. C. A. office and had never failed to find from two to a dozen boys or young men there reading or consulting with Secretary Findley about school or scout problems.

Secretary Findley was called upon and made a very interesting talk in which he made it clear that a great deal of active work has been in progress the past year, even those some of the more general activities were abandoned when the building was sold. Mr. Findley talked particularly of the older boys' conference; work with ex-service men, with Boy Scouts, Sunday schools and the city club. The work of the last named organization has been especially successful and helpful.

WITH THE SICK

Lawrence Fisher, who was rendered unconscious by a stroke of lightning Wednesday afternoon near Woodson, was yesterday reported to be considerably improved in condition.

F. J. Waddell, who has been confined to his home by illness, was able yesterday to take an auto ride about the business district. Mr. Waddell's host of friends will be glad to know of this improvement in his health.

Born to Mr. and Mrs. William Newman, Jr., at Passavant hospital, a son; weight 8 1/2 pounds.

Born this (Friday) morning to Mr. and Mrs. Leslie Davidson of North Main street, a daughter.

PIONEER PHYSICIAN
OF PIKE COUNTY DIES

Dr. G. R. Garrison Passed Away at Home in Pearl Wednesday Evening—Was Well Known in White Hall and Roodhouse.

White Hall, June 16.—The death of Dr. G. R. Garrison, a pioneer practitioner of Pike county, occurred in his home at Pearl at 8:15 o'clock Wednesday evening, aged 83 years. Dr. Garrison became well known in Roodhouse and White Hall in recent years thru his frequent visits on friendly missions in the pursuit of a desire that he might some day locate in one of these towns. He had not practiced his profession for about seven years, and had been in failing health for the past two years, a year of that time he being confined to the house.

Dr. Garrison was born near Cincinnati, Ohio, August 5, 1839 and came with his parents to Pike county, Illinois when he was two years of age, where he has since resided continuously. His father was an invalid, being bedfast for nine years, and dying when our subject was only thirteen years of age. It will be readily understood what a struggle then the young man had with the care of a family on his shoulders in his tender years, for which he was faithful. He was studious, and when he had attained his majority he was equipped thru his own efforts for a course in a normal school near Cincinnati, where he completed his training as a teacher. He then taught schools in Pike county for twelve years or more, being ranked as one of the most proficient and conscientious teachers of the time. During this time Pike county was a frontier country.

He then entered Chicago Medical college and later the American Medical college of St. Louis, from which he graduated in 1874. He then took up the practice of medicine in Pike county, and for forty-six years he has been administering to the people, having resided at Bedford and Pearl during all this time. He was a member of the old school of doctors whose services were at the command of the people at any hour and he never refused a call to succor suffering humanity.

Shortly after he began the practice of medicine his wife died leaving three children, as follows: Dr. W. H. Garrison, White Hall; H. Daly Garrison, Pearl and Miss Ella, deceased, a former instructor in the White Hall schools. He was again married, and by this union there are the following children: Dr. Harvey W. Garrison, Hillview; G. Byron Garrison, principal of the Pearl school and attorney T. M. Garrison of St. Louis. One brother, I. T. Garrison resides at Eureka, Kans. The wife survives.

By his death Pike county and Western Illinois loses one of its grand pioneers. He was deeply spiritual, being an active member and supporter of the Methodist church and also a Mason for a great many years. He belonged to the eclectic school of the American Medical Association, identified with both the state and national organizations. The burial will be in Green Pond cemetery in Pike county with Masonic honors but the hour of the funeral has not been set.

Elmer Smith of the vicinity of Concord was a caller on town folks yesterday.

U. G. Moody was down to the city from Sinclair yesterday.

PROGRAM OF WORK
ADOPTED BY C. OF C.

Directors Held Meeting Thursday Night—Elks Former Quarters May Be Leased—Applications for Secretaryship Considered.

Directors of the Chamber of Commerce held a regular weekly session last night at the Cloverleaf building on East State street. R. Y. Rowe, president of the board, presided and Mr. Henley of the American City bureau served as secretary. Various matters vital to the work of the organization were considered.

A committee on committees was chosen as was the committee for special consideration of water main extension. This latter committee includes Dr. Harker, W. E. Sullivan, W. E. Boston and E. E. Wells.

The question of headquarters was discussed, several possible locations being taken into account. Most of the directors were strongly in favor of rooms in the Myers building formerly occupied by the Elks. Quarters there furnish ample space for Chamber of Commerce activities and offer the possibility of sub-letting the third floor to the American Legion. This matter was referred to the finance committee for action.

Applications were considered from a number of men experienced in Chamber of Commerce secretarial work. One of the applicants will be in Jacksonville today and two others are expected in the course of a very short time. As so much depends upon the work of the secretary the directors will use all possible care in the selection of this official.

As already indicated, water main extension, the establishment of a rest room and a program for helping along the hard roads movement in Morgan county are the tasks which the Chamber of Commerce will immediately investigate and seek the solution.

As the result of the program of work discussions held last week, in which at least 160 members of the organization took part, the directors last night adopted the following program of work. This means that the subjects mentioned will be given attention from time to time as conditions warrant. Other lines of activity can of course be included when it is so desired.

Sewer System
Co-operate with city authorities in planning and carrying out a city sewer system project which will be adequate for present and future needs.

Street Improvement
Assist the city authorities in planning and carrying out a program of street paving, street improvement and maintenance.

Housing
Make careful survey of actual housing needs and encourage building by making use of best plans used in other cities.

Water Supply
Co-operate with city authorities in getting extension of present water system so that every home in the city will have a pure water supply.

New Hotel
Urge the immediate erection of a new hotel of sufficient size to take care of present and future needs.

New Industries
Encourage the location of new industries, and also of the expansion of industries already here.

Good Roads
Promote the improvement of all roads leading into Jacksonville and co-operate with state road building program, so that the city may be more accessible to the surrounding country.

Parks and Playgrounds
Work for the development of an adequate park system and the installing of playground equipment sufficient for all sections of the city.

Public Restroom
Endeavor to secure the opening of a public restroom with facilities for the comfort of tourists and farmer visitors.

Transportation
Stimulate interest in a movement to secure Union station and general improvement in freight and passenger service.

Y. M. C. A.
Develop sentiment favorable to the erection of a Y. M. C. A. building with equipment sufficient to carry out a broad community program.

Traffic Regulations
Urge the need for better traffic regulations and provisions for additional parking space.

Street Lighting
Encourage the improvement and extension of present street lighting system.

Public Auditorium
Inaugurate a movement for the election of an auditorium of sufficient size to take care of conventions and other public gatherings.

Health Conditions
Promote better health conditions and appointment of a full time health officer.

Trade at Home
Arouse greater interest in local trade and living advantages and encourage greater loyalty to home industries.

Advertise Jacksonville
Consider ways and means for best advertising Jacksonville's educational facilities and general living and industrial advantages.

Co-operation
Promote a greater spirit of co-operation that will insure the success of all worthy civic movements.

A message has been received here telling of the arrival of a daughter at the home of Mr. and Mrs. Armin Wyle of New York City. The child has been named Marcelle Kathryn. Mrs. Wyle before her marriage was Miss Lucille Olinger of Franklin. Mr. Wyle resided in Waverly and is now in the drug business in New York.

See This Better Mower
Before You Buy

You are interested in a mower that will cut more acres—a mower that requires fewer repairs—a mower that you can adjust quickly to take up wear—a mower that will continue to cut cleanly for years to come. We have that mower for you—the John Deere Mower.

The John Deere is different from others. The gears are enclosed and operate in a bath of oil. The maximum power is transmitted to the cutter bar with no lost motion. A

simple effective adjustment that can be made in a few minutes, takes all the lag out of the cutter bar, even after years of use—this mower will continue to cut cleanly and easily even in your most difficult field conditions.

And the powerful lift—a boy can easily raise the bar from the seat to pass over obstructions, or to a vertical position. The John Deere is the mower you need—the mower you will want after you see it.

NEWS OF THE SPORT WORLD

DEMPSEY RESUMES BOXING THURSDAY

Most of Work Done With Small Men to Develop Speed — Wears Head Guard to Protect Damaged Eye.

Atlantic City, N. J., June 16.—After resting four days, Jack Dempsey resumed his training program today and boxed for the first time since the cut over his left eye was opened a week ago last Sunday. The champion toiled for 40 minutes under a blazing sun and on the hot canvas of his

outdoor arena under such conditions as may prevail when he faces Georges Carpentier in Jersey City, July 2.

After tugging at the pulleys for two rounds and shadow boxing for three, Dempsey boxed two rounds each with Irish Patsy Cline, a light weight, and Babe Herman, feather weight. Manager Kearns insisted on him working with small partners instead of the heavyweights.

Dempsey appeared in the ring wearing a head guard and padding under it to protect the healing wound over his eye. Cline faced the champion for the first two rounds and was badly shaken up a couple of times by left hooks which Dempsey was careful.

Herman, used for speed, forced the champion to display the dash of a much lighter man.

The champion appeared to be in splendid condition and apparently ready to defend his title tomorrow if necessary.

When he returned to camp from a seven-mile hike this morning Dempsey found Johnny Coulton of Chicago, former world's bantamweight champion, awaiting him. The titleholder tried to lift the 112 pound Coulton but failed. Coulton recently returned from a European tour and scientists abroad were baffled because all attempts to lift him were in vain.

ILLINOIS WILL SEND RELAY TEAM WEST

URBANA, Ill., June 16.—Arrangements were completed today by the Illinois Stadium committee and the University track authorities to send the champion four mile relay team to the Pacific coast by automobile to compete in the National A. A. U. little games at Pasadena on July 2.

The team with one exception will be the same which won the championship at Penn Relay. Patterson A. Hopson, who runs the mile in four minutes, 35 seconds has been substituted for Wharton.

EXPECT TROUBLE IN NAMING OFFICIAL

Sharp Difference of Opinion Has Developed—Action is Postponed.

New York, June 16.—Controversy is expected before a referee is named by the New Jersey state board of boxing for the Dempsey-Carpentier bout.

It had been expected selection would be made at a meeting of the commission today but after adjournment it was announced action had been indefinitely postponed at the request of Promoter Rickard.

It was understood that a sharp difference of opinion had developed among those with interests at stake.

According to general reports J. Harry Ertelone of the regular New Jersey referees had been tentatively picked with three other New Jersey referees as alternates but opposition developed from Dempsey's camp because the commission had ignored candidates named in the original contract signed by Dempsey and Carpentier.

The matter was reported to have been referred to Rickard, with a request that he try to effect a compromise.

The spectators are charged from fifty cents up to see the champion train. The photograph shows Dempsey in the ring with one of his sparring partners.

THIS JOHN L. ALSO IS SOME WALLOPER

Cub Outfielder Breaks Up Game With Giants in Tenth Inning With a Double—Scores Winning Run on O'Farrell's Single.

CHICAGO, June 16.—John L. Sullivan's timely doubles and Alexander's fine pitching were responsible for Chicago, defeating New York 5 to 4 in 13 innings today. Sullivan's first double was responsible for the game going into extra innings. He advanced to third on a sacrifice and scored the tying run in the ninth when Willner singled.

The Giants looked like easy winners when Snyder batting for Monroe in the thirteenth doubled and sent two runs home. In Chicago's half, Grimes walked and Malsel singled. Benton was replaced by Nehf and Sullivan greeted him with a double which scored Grimes and Malsel and tied the score. Sullivan moved to third on Kelleher's sacrifice and came home with the winning run on O'Farrell's single.

Douglas argued so strenuously with Umpire Klein in the seventh inning when Kelleher drew a pass that he was ordered out of the game and Benton went to the mound. The score:

New York	A. B. R. H. O. A. E.

CARPENTIER IN STRENUOUS WORKOUT

Allows Jeanette to Pummel His Abdomen to Prove He Can Stand Punishment—Does Several Hours Work Before Movie Camera.

Manhasset, N. Y., June 16.—Georges Carpentier, permitted Joe Jeannette, negro heavyweight to beat a tattoo on his abdomen during a work out for newspapermen this afternoon. Manager Descamps explained that some newspaper fight critics had questioned the challengers ability to assimilate punishment in the body and that this was the answer.

This performance came after Georges had worked four fast rounds, one each with Mariot Dennis, French lightweight, Paul Journe, French heavyweight, Italian Joe Gans, middleweight and Jeanette.

Jeanette in first appearance worked especially hard trying to break thru the Frenchman's guard with his powerful black arms. After his regular turn was ended, Jeanette was recalled. There was no defense in evidence today, Carpentier seeming willing to pound and be pounded.

Towards the close of this second session, Carpentier raised his arms above his head and the negro then pummelled his body. Georges seemed to absorb the blows very well.

Carpentier's ring workout was preceded by several hours of work before the movie camera men. He climbed trees for them, jumped fences, lifted heavy boulders, staged impromptu battles with his sparring partners, who accompanied him on a jaunt thru the woods and engaged in a game of rugby football.

After luncheon he received a host of visitors, including several present and former fighters. Knockout Brennan, who gave Dempsey a good fight in New York last winter said he was greatly impressed with the challenger but refused to commit himself when asked to predict the result of the fight.

SHAWKEY'S PITCHING WINS FOR YANKEES

White Sox Are Trimmed by Score of 7 to 3—Collins Compelled to Retire With Injured Hand in Seventh.

NEW YORK, June 16.—Shawkey's fine pitching enabled New York to defeat Chicago today, 7 to 3. Captain Collins' left hand was split in trying to catch a wild throw in the seventh inning and he was forced to retire from the game. The score:

PHILIPPINE TEAM FORCED TO DEFAULT

New York, June 16.—The Philippine Davis' Cup tennis team, scheduled to play Japan, in the first round, has been forced to default because of inability to reach the United States before July 30, it was announced today.

FAIR AWAY TRAVELERS

Wednesday evening an auto arrived in town from the Hoosier state and brought Miss Marie Ross of Southford, Miss. Pauline White of Franklin and Miss Carlotta Cook of Bedford with Justin Vandiver of Franklin, Indiana, as chauffeur. The young ladies were arrayed in soldier khaki and wearing conventional hats and were equipped for roughing it thru the land. They were bound for the Pacific coast and left yesterday morning.

"YOU AIN'T SEEN NO HARD LUCK"

If you are sorry for yourself—if the whole world is wrong and the world is dark and dreary—look at this picture and cheer up. In the Massachusetts Hospital School they call him "Sunny Jack" Guiney. Study the picture, and you will know why. The other day his team, even one of which is a cripple, played ball at Franklin Park, Boston, and "Sunny Jack" did the honors from the slab. Here is a picture of the cheery-looking fellow photographed during the play, while pitching a hot one over the plate.

TAKES PIRATES 17 INNINGS TO WIN

Cop Game by Score of 6 to 5 on Doubles by Carey and Maranville—Each Team Uses Relief Hurlers.

PITTSBURGH, June 16.—Pittsburgh defeated Brooklyn 6 to 5 in a spectacular 17 inning game today. Glazner and Smith were the opposing pitchers for the first eight innings but each gave away to relief pitchers. The Pirates won the game in the last part of the 17th on doubles by Carey and Maranville with one out.

CHILDREN'S PARTY AT LITERBERRY HOME

Children Enjoy Party at Home of
Freida May Daniels Monday
Afternoon — Other Literberry
News.

Literberry, June 15.—Freida May Daniels had a birthday Monday and her mother gave a party, ordered ice cream, baked a cake and Grandma Lowden baked a birthday cake, this was angel food cake and was trimmed in

pink and had seven pretty candles on it. Freida's mother invited Billy Gene and Jerald Deane Underbrink, Oia Corinne and Helen Mullens, Helen Frances Crum, Harold Lee Daniels, Alleen and Eugene Young, Marie and Raymond Gotshall, Dorothy and Eula Roach, Arthur Lee Roach, Wiley Scribner, Ruth Beavers, Eloise Hunter, Raymond Wilhite, Billy Dunlap, James Robert Beavers, Katherine, Mae and Irene Thompson, Alden Earl Rexroat and Blanche Louise Ratliff. Every child took some part in the games and played until they were tired. Some of the presents for Freida on this occasion were, a very nice dress, silk stockings, gold locket, several hair ribbons, thirteen handkerchiefs, a fancy dish, cup and saucer, all of the Japanese pattern; a cute pug dog of pretty cloth, with a belt bearing this complaint, "Nobody loves me", a tooth brush with the belongings, all in an attractive box; a pretty crocheted cap, a hair clasp, beauty pins and other small presents, and a handful of money to put in the bank to Freida's account.

At the proper time refreshments were served, the candles lighted, the ice cream sampled and pronounced just right. All the children assisted in blowing out the candles and one little girl counted them and told the others that Freida was seven years old. Other friends present were Mildred Underbrink, Mary Rachel Thompson, Mrs. Lula Henderson, Mrs. Mary Litter, Mrs. James Lowden and the Daniels family.

During the play hour Billy Gene Underbrink fell down on the grass and in some way hurt one of his arms, from shoulder to elbow. He was taken to the doctor and afterward to Jacksonville to

find how serious was the injury. Mr. Alphonso Ratliff who has been suffering for several days with abscess of the nose, is some better.

C. A. Beavers and son James Robert went fishing Tuesday and invited D. K. McCarty and Wiley Scribner to go along—they went.

MARKET SATURDAY E. A. Ranson's Garage, Lynnville M. E. Church

GOOD WORK OF REV. WILLIAM SMITH

W. C. Sperry, who has been spending some time with his daughter in Peoria gives a wonderfully good account of the work done by Rev. William Smith, formerly pastor of the Joy Prairie Congregational church. The gentleman left the regular ministry some time since and has an important position with the Aetna Life Insurance company but has found time in addition to his regular business to serve his Divine Master as well and to good effect.

The Bethel Presbyterian church had given up services of all kinds and the building was closed when Mr. Smith took up the matter and started Sunday preaching services. He had about 150 in the Sunday school nearly every enrolled pupil being there. The church is well filled at the regular services and great good seems to be accomplished. Mr. Smith is a native of the "light little island of England" but is a loyal American thru and thru.

Mrs. John O'Donnell of Winchester was among the visitors in the city yesterday.

James Spradlin helped represent Sinclair in the city yesterday.

KIWANIS CLUBS TO MEET IN CLEVELAND

Eight Thousand Expected to be Present at Sixth Annual International Convention.

Cleveland, O., June 15.—The vanguard of the army of 8,000 Kiwanians who are to attend the sixth international Kiwanis club convention here the week of June 20 is moving.

Convention headquarters already present the appearance of beehive activity, local committees as well as international officials and their headquarters staffs having been busy for the last two weeks arranging for the big Kiwanis powwow. Small headquarters were opened three months ago but since that time they have expanded to take in practically all of the mezzanine floor of Hotel Winton.

Special trains to bring delegations from distant cities will leave for Cleveland on June 17, 18 and 19. Every incoming train, interurban line and lake steamer will bring delegations, while hundreds of delegates will drive in automobiles to the convention city.

Chicago delegates, with those of other Illinois cities, are coming by chartered boat, the lake steamer "Missouri". The boat will dock at the Ninth St. pier and delegates will use the boat as their conveyance headquarters during the week. The Grand Rapids, Mich., News Boys Band has started for Cleveland in motor trucks. They will be on the entertainment program. Canton, O., delegates will drive to Cleveland in autos and camp in Lakewood Park.

Monday Conference Day.

Monday, June 20, will be conference day. Eighteen separate conferences are scheduled. The formal opening of the convention will come on Tuesday. Mayor W. S. Fitzgerald, Governor Harry L. Davis and Harry F. Board, president of the Cleveland Kiwanis club will deliver addresses of welcome with a response by J. Mercer Barnett, of Birmingham, Ala., international Kiwanis president. Other prominent speakers during the convention will be Dr. Henry Churchill King, President of Oberlin (O.) College; Harry T. Atwood, prominent Chicago attorney Robert W. Babson, of Wellesley Hills, Mass., noted statistician; and the Rev. Wm. States Jacobs, Fort Worth, Tex., United States Senator Atlee Pomerene, of Ohio, also has been invited to speak.

Tuesday night convention delegates will be treated to a musical program of note. Among singers at this musicale will be Lila Robinson of the Metropolitan Opera Co. An all-day outing at Luna park, amusement resort, is scheduled for Thursday. Automobile rides, dinners, luncheons, "stunts" of all sorts, hand concerts, theater parties, shopping tours are among other things on the entertainment program.

The city is already decorated in gala-day attire. Streets, business houses and office buildings present a holiday appearance with flags, bunting and pennants.

A NOBLE EXAMPLE

Miss Scripps Leaves Land and and \$20,000 for a Park in Rushville.

George H. Baird, mayor of Rushville has written a person in this city that Miss Scripps, deceased, left eighty acres of land and \$20,000 for a park near Rushville. No other particulars were given but it certainly was a noble example and one well worthy of imitation.

As has been stated in the Journal, Jacksonville could use two or three playgrounds to excellent advantage and if some well disposed person of means felt like favoring the city in that respect it would be doing a good thing for Jacksonville.

SOME INTERESTING WEAPONS

Displayed in the vestibule of the Rialto theater are some interesting weapons. One is an old time Colt revolver which was picked up in front of a Wichita bank which had been raided by the James Brothers. Another was once the property of a once well known citizen of Jacksonville and who fought for the lost cause. A sword that was picked up on San Juan hill after the charge of Roosevelt's Rough Riders and another sword found on a battlefield of Vicksburg.

I'LL PRAISE IT
LONG AS I LIVE

Moline Woman Tells of Wonderful Improvement Since She Started Taking Tanlac.

"Tanlac has made a well and happy woman of me and I'll praise it as long as I live," said Mrs. John Miller, 342 Second St., Moline, Ill. "Before taking Tanlac I'd suffered so long with a bad stomach and other troubles that I was in a mighty bad condition. Nearly everything I ate disagreed with me, and frequently I had to lie down ever so long. My back over my kidneys hurt me constantly, and I had rheumatism in my legs so bad I could hardly walk."

"Finally the rheumatism got so bad I couldn't dress myself and my nerves were in an awful fix. Sleep was almost impossible and I was just going down hill rapidly. I had tried so many things without getting any relief I became despondent and lost nearly all hope of ever getting well."

"When I began taking Tanlac in a short time there was a decided change for the better in my condition. I kept on improving with each bottle and now, after finishing my seventh bottle, I feel like a new woman and haven't an ache nor a pain. Tanlac is so grand I wish everybody could know about it."

Tanlac is sold in Jacksonville by Shreve's Drug Store and other leading druggists.—Adv.

PARTY IS GIVEN FOR BLUFFS BRIDE-TO-BE

Miss Rosa Botterbush is Honor Guest at Rook Club Party — Other Interesting News from Bluffs.

Bluffs, June 15.—The Rook club entertained ten young ladies Friday afternoon in honor of Miss Rosa Botterbush, a June Bride-to-be. The rooms were prettily decorated in pink and white with home grown roses and presented a very pretty appearance. The time was spent in games and other forms of amusement after which delicious refreshments were served by the hostess, the color scheme being carried out in the menu. In the evening the lawn was lighted by Japanese lanterns and out-door amusements were indulged in. Those present enjoyed a pleasant afternoon and evening.

Mr. and Mrs. E. L. Eshelman

and children are guests of relatives in Canton.

Miss Esther Six and C. A. Phillips were Jacksonville visitors Tuesday.

Miss Iota Bergner, eldest daughter of Mr. and Mrs. Charles Bergner and Clarence Castle, son of Mrs. Stella Castle and grandson of the late Henry Oakes, Sr., surprised their many friends by quietly shipping to Jacksonville where they were united in marriage Monday evening. The bride is a charming young lady and a graduate of the Bluffs high school and for the past year has been located in Quincy where she has been engaged in the millinery business. The groom is a young farmer residing with his mother, Mrs. Stella Castle in town. When the country was plunged into war he enlisted, at the age of 18 years, for service, hoping to be sent to the battle front overseas. In this he was disappointed but was sent to Texas where most of his time

was spent in border duty. The young couple were school mates and it was in school days that the attachment which ripened into love was formed. The couple have the best wishes of their many friends for a happy and prosperous wedded life. For the present they will reside with the groom's mother.

Miss Belle Vannier entertained a number of friends at her beautiful country home north of town Wednesday evening in honor of Miss Zoe Fitzpatrick and Roy H. Beird who are soon to venture upon the matrimonial sea. The evening was spent in music and games and at a late hour refreshments were served by the hostess and at parting each guest voted Miss Belle an ideal hostess.

A. M. Hoover and family of the northeast part of the county called in the city yesterday.

John Longley of Alexander was a caller in the city yesterday.

TO DISTRICT LEAGUE CONVENTION

Yesterday a big auto load of young people went over to Virginia to attend the Epworth league district convention. They went in J. E. Osborne's car with Elva at the wheel. The others were Misses Edna Osborn, Mary Spices, Ruth and Mabel Jordan, Agnes Davis, Letta Groves and Helen Mansen; Messrs. Harvey Voltrath and Harlin Williamson.

HERE FROM CRETE, NEB.

Mr. and Mrs. Douglas of Crete, Neb., are in the city having driven thru in their fine Studebaker Six car with their four children. Mrs. Douglas was formerly Miss Barbara Cox, daughter of Charles Cox, formerly of this city. They are guests of Mrs. Jerry Cox while in the city. Mr. Douglas went to Chicago on business last evening and expects to return Saturday. Mr. Douglas is a prominent citizen in his Nebraska home.

HOPPER FAMILY HELD PICNIC THURSDAY

Annual Affair at Nichols Park Thursday Evening was Largely Attended — Officers Chosen.

The annual "sheep shearing" picnic of the Hopper family was held Thursday evening at Nichols park. When the bountiful picnic supper was spread at 6:30 o'clock there were one hundred and ten members of the family and a few friends present.

For forty years the members of the Hopper family have held this annual reunion, and it is interesting to note that only one year did it rain on the day set for the picnic. Notwithstanding the fact that the family is so large, there has only been one death in it during the past year. There have been two marriages and four births.

Of the original members of the family there are only four now living. Of these three were present yesterday, Richard, Charles and Philip Hopper. Mrs. Robert Hunter, the fourth member, was unable to be present because of illness. Richard Hopper was the eldest member of the family in attendance.

One feature of the picnic luncheon yesterday was a generous supply of cheese cake tarts and which were greatly enjoyed by the company.

Those present were: Richard Hopper and family, Charles Hopper and family, Philip Hopper and family, Emma, Lizzie and Frank Hunter, R. W. Dodsworth and family, Charles Martin and family, Mr. and Mrs. Charles Minter, Mr. and Mrs. John Hopper, East St. Louis; Mrs. Scott Midgley and daughter, East St. Louis; Misses Anna and Eunice Hopper, Dr. Charles Hopper and family, Albert Hopper and family, Mr. and Mrs. Charles Teele, Waverly; Mr. and Mrs. William Graves, Waverly; Wm. Kastrup and family, Dwight Kastrup and family, Omaha, Neb.; James W. Breckon and wife, John Moore and family, Chester Wilson and family, Anna May Wilson, How-

ard Cully and family, Robert Hopper and family, Dr. S. J. Carter and family, Rev. Mr. Pontius and family, Mr. and Mrs. Bert Chrisman, Miss Nellie Hopper, Mrs. Samuel Young and family, Hugh Green and family, Fletcher Hopper and family, Fred Hopper and family, T. V. Hopper and family, Robert Hembrough, Paul Osborne.

The officers chosen for the ensuing year were:

President—Dr. Charles Hopper.
Vice President—Frank Hunter.
Secretary—Miss Lena Hopper.
Treasurer—Howard Cully.

DR. GEORGE E. BAXTER LEAVES FOR GRIGGSVILLE.
Dr. George E. Baxter, who was in the city two days this week on account of Illinois college commencement events and a guest at the home of H. H. Bancroft, left yesterday for Griggsville on business. Dr. Baxter owns a large farm in Pike county and makes a visit there once or twice a year. He properly ranks as one of the prominent alumni of the college and has made an exceptional record in the years since his graduation.

Dr. Baxter took his medical course at Northwestern university and then for a short period was associated with Dr. Carl E. Black here in Jacksonville. Then he pursued a course of study abroad and located in Chicago, where he has rapidly grown to prominence. Dr. Baxter is a specialist in the diseases of children and his extended practice frequently takes him to cities long distant from Chicago.

At the commencement exercises at the college Wednesday Dr. Baxter was one of the group of men of the class of 1896 awarded the honorary A. M. degree.

We are remaining open evenings until 9 o'clock and all day on Sundays.

CITIZENS' TRAFFIC SQUAD HELD MEETING

Talk Over Traffic Problems at City Hall—Decided to Reorganize the Squad at Once.

Members of the citizen's traffic police met in the council chamber in the city hall Thursday evening to discuss problems connected with traffic.

There was a large attendance, practically all of the members of volunteer traffic squad being present. Judge Paul Samuelli, who is chairman of the organization presided and in addition to the traffic police, Mayor Crabtree, Chief of Police Kiloran and several patrolmen were present.

Everyone present was called upon for an expression as to whether or not any good had been accomplished by the volunteer police force. It was the unanimous opinion that the work of the volunteer squad had been a material aid to the regular police force.

However, it was the consensus of opinion that more drastic and active measures must be used as complaints of violations are becoming more frequent.

Judge Samuelli who has served most acceptably as chairman of the volunteer squad since its organization told the members that it would be impossible owing to other business for him to serve longer. He asked that a new chairman be selected.

Those present discussed the matter at length and it was decided to make an entire reorganization of the force. To this end each member will be asked to turn in his list at once.

Judge Samuelli will appoint a committee of four to work out the plan of reorganization. This committee will be appointed within a few days and will formulate the plan when a meeting will be called to consider it. After the reorganization is perfected volunteers will be asked to assist in traffic regulation work.

New tan shirts, E. & W. low collar attached, linens; very special at \$1.50.

INJURED ARE IMPROVING

L. P. Fisher and son, Lawrence Fisher, who were injured Wednesday by the bolt of lightning that killed Allen Sturdy, were improved yesterday. Lawrence Fisher was in a serious condition for a time and fears were entertained for his recovery. The injured men are relatives of Mrs. Owen Graff of this city and have many friends here who are interested in their condition.

RED CROSS COMMITTEE MEETS IN WOODSON

The executive committee of the Woodson branch of the Red Cross held a business session Thursday evening at the Christian church. Among matters of business given consideration was the sending of a disabled ex-soldier to Kansas City for treatment. Rev. I. H. Fuller is chairman of the committee and Miss Zella Crain the secretary.

Social Events

Gave Delightful Children's Party.

A charming children's party was given yesterday afternoon at the home of Mr. and Mrs. Howard Stevenson on the Mound Road. The party was given by Louise and Betty Stevenson and Stevenson and their aunt, Miss Anne Stevenson helped them plan the entertainment. There were twenty guests present and the children played games and held contests on the shady lawn of the Stevenson home. Attractive little favors were given to each guest.

During the afternoon delicious cool refreshments were served.

Roadhouse S. S. Class Picnic

Yesterday the Sunday school class formerly taught by Mr. Sullivan of the Eli Bridge company, came up from Roadhouse and enjoyed a picnic in Nichols park. Various pastimes occupied the hours of the day and an excellent dinner and supper were enjoyed by everyone. All were glad to meet their former teacher whom they greatly esteemed. A fine time was enjoyed by every one.

Missionary Society Met Thursday.

The Missionary Society of the Northminster church held a very interesting meeting Thursday afternoon. Mrs. Carrie Joaquin was devotional leader and Mrs. Lillian Sardinia literary leader. Mrs. Sophia Day gave a reading on foreign work and Mrs. Lorine Ferreira gave an interesting talk on Porto Rico. Mrs. Lydia Scott and Mrs. Jennie DeFries furnished special music for the meeting.

Centenary Women Hold June Birthday Social.

The June birthday social of women of Centenary M. E. church was held at the home of Mrs. Arthur Ellis on East College street Thursday afternoon. There was a large attendance and an interesting program was presented, including the following:

Vocal solo, "Love's Hesitation"—Miss Helen Gowdy, with Miss Evanna Gowdy as accompanist. Reading—Miss Rena Chaney. At the close of the program came a social hour and the serving of delicious refreshments by the hostesses. The ladies of the church whose birthdays fall in June were the hostesses yesterday afternoon and were Mrs. D. V. Gowdy, Mrs. W. L. Craft, Mrs. G. W. Sargent, Mrs. J. W. Mann, Mrs. George Blair, Mrs. Charles Glossop, Mrs. Sue Watkins and Mrs. Ellis.

Past Noble Grand Club Met with Mrs. G. W. Davis.

The members of Past Noble Grand club of Jacksonville Lodge No. 13, Rebekahs, met with Mrs. George W. Davis of South West street Thursday evening. At the regular business session officers for the ensuing year were selected as follows:

President—Esther Carlson.
Vice President—Minnie Scott.
Secretary-Treasurer—Blanche Cully.

Following the business session a social hour was enjoyed and the hostess served refreshments. Music was furnished on a Victrola during the evening.

The next meeting will be held with Miss Fern Haigh of Hardin avenue, Thursday, July 21.

The Woman's Foreign Missionary Society of Ebenezer will hold a market at Dorwart's Saturday.

GRACE CHURCH SOCIETY HELD OPEN MEETING

Women's Foreign Missionary Society Members and Guests Met Thursday Evening at Home of Mrs. J. R. Berry—Fine Program Presented.

The Woman's Foreign Missionary Society of Grace M. E. church held an open meeting Thursday evening at the home of Mrs. J. F. Berry, 1260 West College avenue. A large number of the members and their guests were present and the occasion proved a very pleasant one. The house was prettily decorated for the event, ferns and potted plants being used with fine effect.

The devotional exercises were conducted by Mrs. R. S. Nelson, after which Miss Suzanne Rinehart gave two violin solos, "Told at Twilight" and Beethoven's Minuet, accompanied by her mother.

Then came a one act play, "Op-O'-Me-Thumb" in which the characters were the following:

Madame—Mrs. George Baxter.
"Op-O'-Me-Thumb"—Bernice Wood.
Celeste—Mrs. E. D. Herald.
Rose—Beulah Tull Coddington.
Clem—Naomi Tull.
Mr. Green Smith—Homer Potter.

This little play has a very clever plot and all the parts were very well taken. A vocal solo by Norman Campbell, with Mrs. E. D. Canatey as accompanist, followed the play and the last number on the program was an exceedingly clever reading by Mrs. Beulah Tull Coddington. The program was arranged by Mrs. Homer Potter, assisted by Miss Bernice Wood of Pisgah.

A social hour and the serving of delicious refreshments brought the evening to a close. The hostesses were Mrs. W. H. Cocking, Mrs. Grant Graff, Miss Allie Marsh, Mrs. James F. Mahon and Mrs. J. F. Berry.

IS NAMED DELEGATE

At a recent meeting of First Baptist church Wayne Gard was appointed to represent the church at the Northern Baptist convention which will be held in Des Moines June 22 to 29.

MISS MARIE MAYER WEDS MR. E. C. RUTHERFORD

Impressive Home Ceremonial for Marriage of Well Known Young People.

In a very pretty home ceremonial at 7:30 o'clock Thursday night Miss Edith Marie Mayer became the bride of Mr. Ernest C. Rutherford. The ceremony was performed by Rev. A. P. Howells, pastor of the First Baptist church, assisted by Rev. J. R. Hastings, in the presence of about 50 relatives and intimate friends of the young people. Miss Carrie Spies was at the piano and as she played "Hearts and Flowers" the wedding party entered the parlor where the ceremony was performed.

Miss Marguerite Mayer was the maid of honor. Junior Edman was the ring bearer and carried the circle of gold in the petals of a red rose. Floyd E. Davis of White Hall was the best man. Members of the party stood before a bank of spring flowers with a framing of greenery, and there the impressive marriage service was said.

The bride's gown was of white satin, trimmed with lace and she carried a bouquet of bride's roses. The maid of honor wore a pink organdie and carried pink roses.

Following the ceremony and the expression of good wishes the guests were invited to the dining room for refreshments. Spring flowers had been used with splendid effect in the various rooms arranged for the wedding company. The prevailing colors being white and green. All of the arrangements had a certain touch of simplicity that made the wedding rites the more impressive.

Mrs. Rutherford is the younger daughter of Mrs. E. O. Mayer and has spent all of her life in Jacksonville. Following her graduation from the high school she further prepared herself for teaching and in the schools of the city soon became one of the most valued instructors in the corps. Almost from her childhood days the bride had been active in the work of the First Baptist church and her devotion to the highest ideals is a matter thoroughly understood by all of her friends.

Mr. Rutherford who is a son of Mr. and Mrs. Calvin Rutherford of 623 South Diamond street, graduated from Illinois college in the class of 1918. In college Mr. Rutherford gave evidence of more than usual literary ability and his student days did not end with his graduation. For more than a year past he has been a member of the staff of the Jacksonville Courier. Mr. Rutherford has devoted some time to theological work and later expects to enter the ministry.

When the bride's cake was cut Mrs. George Edman received the dancing nod. Miss Edith Stewart the thimble, Mrs. Rutherford the dime, Miss Clara Mayer the key and Junior Edman the ring. This interesting ceremonial had an important place in the social pleasure of the evening.

Numerous gifts gave expression to the esteem in which these two young people are held. Following their return from a wedding trip and after July 19 they will be at home to their friends at 706 West North street.

A number of the guests left the Mayer home in time to reach the Wabash station and give the newlyweds an appropriate farewell on the 9:15 train. However, they waited in vain for Mr. and Mrs. Rutherford went by automobile to Alexander and took the train at that station.

Among persons here for the wedding were Miss Clara Mayer and Fred Mayer, Springfield; Miss Nelda Whitaker, Forest City; Mrs. Agnes Konrad, Mt. Sterling; Mr. and Mrs. J. A. McClure and Mrs. Considine, Virginia; Mr. and Mrs. Trubmull Smirl and daughter Doris, Rev. and Mrs. J. R. Hastings, Summitt Barne, all of Girard; Floyd Davis, White Hall; Mr. and Mrs. Richard Rutherford of Marine, Ill.

LOCAL YOUNG PEOPLE WED IN SPRINGFIELD

Miss Bernice Fernandes and George M. Vieira United in Marriage Wednesday Morning at Springfield.

Miss Bernice Fernandes and George M. Vieira, both of this city, were united in marriage Wednesday morning at 10:30 o'clock, at the First Presbyterian church in Springfield. Rev. J. T. Thomas, pastor of the church, performed the ceremony in an impressive manner.

News of the marriage will come as a surprise to most of the friends of the young people, as few knew of their plans. However, all will join in good wishes and congratulations.

The bride is a daughter of Mr. and Mrs. Tony A. Fernandes who reside northeast of the city. She was born and reared in this country, and after attending the

schools of her home community was employed in this city.

Mr. Vieira is a son of Mrs. Carrie Vieira and also resides northeast of Jacksonville. During the world war he saw a number of months of overseas service in the army, and upon his return home engaged in farming. Mr. and Mrs. Vieira are now at the home of the bride's parents and have not yet fully decided where they will make their home.

We are remaining open evenings until 9 o'clock and all day on Sundays.

BAPTIST MINISTER WILL GIVE LECTURE ON MEXICO

A service of special interest is being planned for next Sunday evening at 7:30 o'clock at First Baptist church. The pastor, Rev. A. P. Howells, will deliver a lecture on "The Passing of the Last

Frontier." The fact that Rev. Mr. Howells spent nine months along the Mexican border in California and Arizona makes it certain the lecture will be especially interesting.

A number of fine stereopticon slides will also be shown in connection with the lecture, illustrating life in Mexico. Miss Frances Koip will sing the Mexican national hymn and there will be other special musical features.

Men's garters in good quality, 25c, at TOMLINSON'S.

New Home Sanitarium

Incorporated

A Private Surgical Hospital Thru its Public Health Department Says:—

The Crowning Glory

To be a mother is the crowning glory of the female sex. To have an intelligent mother brings the accomplishment nearer. The blessing that is intended to be.

But to be a sensible one the future physical welfare of the child is assured.

Between 12 and 18 the future health of the girl is established:

During this period the sensible mother keeps a watchful eye on any ill or unnatural condition affecting the health of the girl, and takes into her confidence the daughter, and reveals to her the wonderful and important, yet natural conditions surrounding her sex.

The physician is consulted as to the significance of any unintelligible deformity as to

function or anatomy and both put in condition that Nature would be pleased.

Failure to carry out this plan is costing thousands of young women years of suffering and unhappiness when a slight operation or medical attention might convert the above outlook into a future of joy and happiness.

More than 18,000 divorces were granted in this country last year (about 3 per minute). It is estimated that two-thirds or 12,000 were due to dispositions, mental and physical, as a result of neglecting the girl as above stated.

Health is wealth. Start the girl out in life well endowed with a good body and mind and you need not fear for her future.

Get this thought well established in your mind—That at the NEW HOME SANITARIUM the help and directions to reach this happy state are yours.

FAMILY DINNER PARTY AT VIRGINIA HOME

Mr. and Mrs. Arthur B. Nollisch of Cedar Rapids are guests of honor at dinner at Everick Home—Other Virginia News.

Virginia, June 13.—Mr. and Mrs. Arthur B. Nollisch of Cedar Rapids, Iowa, are guests of relatives in this vicinity. They were the guests of honor at a dinner given at the home of Mr. and Mrs. D. W. Emerick Sunday, when about 50 relatives were present.

Among the out of town guests were B. G. Nollisch of Cedar Rapids, Mr. and Mrs. J. O. Robinson, Miss Mary Walbaum, Mr. and Mrs. W. Nollisch and sons Edwin, Henry, Albert and Carl, all of Springfield; Mr. and Mrs. T. C. Nollisch and daughters, Greta and Pauline; Mr. and Mrs. Alfred Nollisch and children of Chandler; Mr. and Mrs. Richard Caris of Bluffs Springs, Mr. and Mrs. Charles McCaffern and infant son of Tallula, Caffern and infant son of Tallula.

After the dinner was served came an interesting ceremonial, when Charles Taylor McCaffern, Jr., was christened by Rev. A. A. Luce, pastor of the M. E. church.

Mr. and Mrs. Earl Ivey of Beardstown were week-end guests at the home of his parents, J. N. Ivey and wife.

Mr. and Mrs. Morton Dorothy and son, Morton, Jr., of Sank Center, Minn., are the guests of Mrs. Dorothy's parents, Mr. and Mrs. F. L. Fisher and other relatives.

Miss Mary Devlin of Lewistown was the guest of her parents, Mr. and Mrs. James Devlin Sunday.

Miss Olive Fielder left today for St. Louis where she will spend the summer.

Clark Trimble of Girard is the guest of his brother, W. T. Trimble, in this city.

Earl Smith was a business caller in White Hall Monday.

Funeral services over the remains of the late Harvey Schaffer will be held at the Christian church in Philadelphia at 3 p. m. today. Rev. C. E. French of this city officiating.

Mr. Schaffer was a pioneer resident of Cass county and the funeral occurs on his 55th birthday. Survivors are the wife and four sons, Ellis, Monroe, Price, and Lee Schaffer of Cass county.

MERRITT

Owing to the hot weather Sunday evening, there was not a very large attendance at church.

F. J. Harvey and daughter, Mildred and son Russell, spent Sunday at the home of S. W. Snow and family in Merritt.

Mrs. Pearl Karty spent Sunday

Compare the Cost to health, and you're sure to use the pure, delicious cereal drink—

BOOK AND NOVELTY SHOP

59 E. Side Sq.

at the home of her parents, Mr. and Mrs. L. W. Korty west of town.

Joseph Grady is preparing to leave soon for the M. W. A. hospital in Colorado.

Orchestra practice will be held at the home of F. J. Harvey Wednesday evening.

Mr. and Mrs. A. D. Peters and Mr. and Mrs. Carl Berry and children, Louise and Harlan, spent Sunday afternoon at Nichols park.

Thursday evening on the church lawn will be given an ice cream social by classes No. 4 and 5 of the Sunday school. Everybody is invited.

Bernard Bair of Taylorville, Ill. is spending the summer with his sister, Mrs. A. B. Chrisman.

Mrs. John Barry journeyed to the city with her sister, Monday afternoon.

John Furry, the eldest son of Mr. and Mrs. Harry Furry, Sr., has taken a position at the store as clerk.

Miss Kathryn Morris is visiting her cousin Miss Mildred Morris near Pisgah.

LOOK FOR THE MEYER RED DIAMOND

THE first thing you want in foods—and the all important thing is purity. Cost—taste—everything else is of minor consideration.

Foods should be nourishing. That's what they are for—to build up strong, sturdy bodies.

Calumet Baking Powder is pure in the can. It is made in the largest, cleanest, most modern Baking Powder Factories on earth—only of such ingredients as have been officially endorsed by United States Food Authorities.

KEEP your baking costs down

HERE'S THE BEST WAY TO USE CALUMET BAKING POWDER

It's pure in the baking. Calumet never fails to produce the sweetest and most palatable of nourishing foods.

It has more than the ordinary leavening strength. You use less of it. That's one reason it is the most economical of all leaveners.

Another reason is—it is sold at a moderate price—you save when you buy it.

A pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. cans instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Waffle Recipe
2 1/4 cups sifted pastry flour, 3 level teaspoons Calumet Baking Powder, 1/2 teaspoon salt, 1 1/2 cups milk, 1 tablespoon sugar, 2 tablespoons melted butter, 2 eggs beaten separately. Then mix in the regular way.

Ford THE UNIVERSAL CAR

Announcement

Mr. Edsel B. Ford, President of the Ford Motor Company, gives out the following statement:

"Another reduction has been made in the list price of all types of Ford cars and the Ford truck to take effect immediately. The list prices, f. o. b. Detroit, are now as follows:

Touring Car	\$415	Sedan	\$760
Runabout	\$370	Chassis	\$345
Coupe	\$695	Truck Chassis	\$495
Tractor	\$625		

"The big reductions last fall were made in anticipation of low material costs which we are now getting the benefit of, and this fact together with increased manufacturing efficiency and the unprecedented demand for Ford cars, particularly during the past three months permitting maximum production, have made another price reduction possible immediately.

"Ford business for April and May 1921 was greater by 56,633 cars and trucks than for the same two months in 1920; in fact, the demand has been even greater than the supply, so

that our output has been limited, not by unfilled orders but by manufacturing facilities.

"During May we produced 101,424 Ford cars and trucks for sale in the United States alone—the biggest month in the history of our company—and our factories and assembly plants are now working on a 4000 car daily schedule for June.

"The Fordson tractor is still being sold at less than the cost to produce on account of the recent big price reductions, and it is impossible, therefore, to make any further cut in the price of the tractor."

Can you afford to go without a car any longer when Fords are selling at these low prices? There is no reason now why you should delay purchasing a Ford car, Ford truck, or Fordson tractor.

We will gladly advise you concerning the delivery of a Fordson tractor or the particular type of car in which you are interested. Phone us or drop us a card.

MISS ALICE LAURIE BRIDE OF RALPH OETGEN

Miss Alice Laurie Weds Ralph Oetgen Thursday.

In a quiet ceremony solemnized at the parsonage of Central Christian church Thursday evening, Miss Alice Laurie of this city became the bride of Ralph Oetgen of Beardstown. The ceremony was performed by Rev. M. L. Pontius and the couple were attended by Miss Doris Lindeman of Jacksonville and Late Thielvagt of Beardstown.

After the ceremony the party went to the home of Mr. and Mrs. Walter Helenthal on South Clay avenue, where a delicious wedding supper was served. Only relatives and a few close friends were present at the supper.

The bride is the daughter of Mr. T. E. Laurie of Wyoming and has made her home here for many years. For the past year she has been in Wyoming and Colorado with her father but returned to this city about a month ago and has made her home with her aunt and uncle, Mr. and Mrs. Helenthal. She attended the local high school and was for some time city collector for the Journal. Mrs. Oetgen has many friends in Jacksonville who regret that her home will no longer be here.

Mr. Oetgen is the son of Mr. and Mrs. E. L. Oetgen of Beardstown. He is employed in the C. B. and O. shops in that city. The couple left last evening for Beardstown where they will live in the future.

WHAT RAILWAY CAPITAL AND LABOR HAVE GOT.

The Railway Age shows in an editorial in its current issue that the increase in the wages paid to railway employees from the year 1912 to 1920 was 285 times as great as the increase in amount of interest and dividends paid to the owners of railway securities. This, it says, is a conclusive answer to charges of the railway labor leaders that the present financial difficulties of the railways are due to dissipation of their resources by financial mismanagement and not to increases in their payroll.

"The leaders of the labor unions," says the Railway Age, "will soon be appearing before the senate committee which is investigating the railroad situation. They have charged before the Labor Board that the troubles of the railways are chiefly due to financial mismanagement—that the railways have issued excessive amounts of interest and dividends on them. Since the labor leaders charge that railway troubles are due to the fact that railway capital has been getting too much of the earnings of the railways, and that railway labor has not been getting too much, it is pertinent to compare the amounts that they actually have been getting."

"Every dollar that is paid to railway capital is paid in the form of interest and dividends. The senate committee has asked for data regarding developments of all kinds on the railways from 1912 to 1920. In the year ended on June 30, '12, the total interest and dividends paid was \$716,660,000. The average amount paid annually in the years 1913 to 1919, inclusive, was \$729,300,000. The total amount of interest and dividends paid in 1920, for which year complete figures are not available, probably was slightly less, and certainly was not more, than in 1919, when it was \$725,300,000. The increase in the total amount paid in these eight years was about \$8,800,000 or 1 1/2 per cent.

"In 1912 the railways had 1,642,119 employees to whom they paid \$1,210,000,000 in wages. In 1920 they had 2,031,927 employees to whom they paid \$3,700,000,000 in wages, an increase in total wages during the period of \$2,500,000,000. This is 285 times as great as the increase which occurred in the interest and dividends paid."

The total amount of public service rendered by the railways in

1920 in carrying freight was 55 per cent more than in 1912, and the amount of public service rendered in carrying passengers 45 per cent more. For its part in rendering this increased service to the public railway capital received 1 1/2 per cent more in interest and dividends than in 1912, while Railway labor received 200 per cent more. The interest and dividends paid by the railroads include everything they paid out to the security owners, whether derived from earnings or government guarantees. Wherein do these facts indicate that railway capital, by dishonest manipulation, etc., exploited both the public and the employees, as the labor leaders allege?

"The simple fact that the total interest and dividends paid to the security owners of the railways have stood practically still for years while all items of their expenses have been greatly increasing, while the profits made in all other industries have been increasing, while the total production of the country, and, in consequence, the demands made upon the railroads for transportation have been increasing, is quite sufficient to show why the

railways are physically and financially in the unsatisfactory condition they are."

Annual Report of President of Illinois College

The alumni and friends of Illinois have every reason to rejoice over the substantial progress which the College has made during the year now closing. Financially, in number of students, and standards of work, the College has made real progress. It has added materially to its endowment, has more students than ever before in its history, has won a host of new friends, and its faculty has raised still higher its educational standards. For this prosperity which has been vouchsafed to us, we reverently express our thanks to Him, in whose name Illinois College was founded.

TRUSTEES.

Early in the college year we lost by death one of the most highly respected, sincerely beloved, and valuable members of our Board of Trustees—Dr. Thomas J. Pitner. The following sentences from the resolutions which the Board spread upon its records give expression to the high and affectionate regard in which Dr. Pitner was held by his colleagues:

"Ever since his graduation from Illinois College, in the class of 1862, Dr. Pitner has been an alumnus actively interested in the progress of his Alma Mater. For thirty-three years he rendered loyal and unselfish service as a member of this Board. In all those years covering from 1886 to 1920 extending through the administration of four different presidents, Dr. Pitner evinced remarkably generous, intelligent, and unwavering devotion to the institution and its enlarging interests. This is all the more notable when we recall that for thirty-six years up to the hour of his death, he was president of the Board of Trustees of the Illinois Woman's College to which he rendered equally noble service.

"Such breadth of sympathy, largeness of vision and practical devotion to the cause of Christian Education must make the name of Thomas Jefferson Pitner sacred and unique in the history of the colleges of this city."

The alumni have reelected as one of their three representatives John F. Downing '79 of Kansas City, an alumnus with a loyal heart, and good business judgment, two characteristics which make an ideal college trustee.

COLLEGE FACULTY AND WORK OF INSTRUCTION.

In spite of the handicap caused by the burning of Sturtevant Hall, the work of instruction in the College has proceeded with more than ordinary success during the year. The faculty members have worked faithfully and efficiently and the Dean has labored zealously to encourage students to improve their work. The result is that the general average of students is somewhat higher than in previous years. The chemical laboratory has been housed very successfully on the second floor of the gymnasium; the work in biology has been well done on the second floor of the Whipple building, and the classes in modern languages, which usually met in Sturtevant Hall, were assigned to various classrooms in the other buildings.

This year, for the first time, no preparatory work has been given. In other words, the policy of gradually abolishing the preparatory department adopted by the trustees four years ago, has been completed and we are now devoting the resources of the institution and the energies of its faculty exclusively to college work.

A few changes will occur on the teaching staff next year. Professor George R. Poage, who was granted a leave of absence last year to continue his studies for the doctorate at the University of Chicago will return to the chair of history and social sciences. By action of the trustees, he has been appointed permanent Head of the Department of History and Social Sciences. Professor Francis I. Moats, who has served as acting professor in this department during the past year, has done his work in a most acceptable manner, and leave to accept a position as Professor of History in Simpson College, Iowa. Dr. Charles B. Newcomer, who came to the college last fall as Acting Professor of Modern Languages, does not care to return next year. We are in correspondence with candidates for this important vacancy, but thus far no appointment has been made. Miss Flora May Taylor, who has served acceptably for two years as instructor in Latin and English, has decided to go into high school work, and there is, therefore, a vacancy in that position. Miss Lois V. Daniels, who has been with us for one year as instructor in mathematics and physics, to our sincere regret will not return, and in her place the trustees have appointed Wilbur G. Guild, a graduate of Illinois Wesleyan University, who will receive his master's degree in mathematics at the University of Illinois this June. The development of the courses in Spanish and the increasing registration in French has made necessary the appointment of an additional full time instructor in modern languages. Mlle. Suzanne Mayer, one of the young ladies whom the French Government sent to this country and who took her degree at Illinois College this commencement, has been appointed to this new instructorship.

With a constantly increasing body of students and in view of our earnest desire to keep Illinois College in the ranks of the best colleges of the country, the advisability of creating certain new departments and of adding to the number of instructors becomes more apparent each passing year. The time is not far distant when a full instructorship in English and public speaking must be created. A full time instructor should soon be added to the department of chemistry, and the large department of history and social sciences should in the near future be divided into two departments—one of history, and the other of economics and government, or economics and social science. Closely akin to this department would be the establishment of a chair of commerce and business administration. Nor would we overlook the early need of a full time instructor in physical training for women, who at the same time might offer courses in expression and assist in the pageants and dramatic activities of the students. In this list of needs, is a fine opportunity for some generous friend to furnish the endowment for a memorial professorship or instructorship.

THE COLLEGE LIBRARY.

I cannot allow an annual commencement to be held without calling attention to our library needs. Every passing year, with its constantly increasing body of students, makes the need of a new library building more acute. Let us hope that before another year passes some generous, far-seeing friend, anxious to do something worth while for the College, and for the youth of our land, will give us this library building.

The library received during the year a most valuable and useful gift of books. It is the private library of the late Hugh M. Wilson '87, donated to the College by Mrs. Wilson as a memorial to her distinguished husband. Mr. Wilson was a zealous reader, especially in the field of contemporary social, political and economic problems and the collection of some 800 volumes is of especial value in these fields. Other friends have also remembered the library in donations of both cash and books. Altogether about a thousand volumes have been added. No department of a college is of more importance than its library. The library ministers to the needs of all the other departments and is one of the most important factors in creating that atmosphere of study and culture so essential to the upbuilding of a real college.

CONSERVATORY OF MUSIC.

We have grown accustomed to good reports from the Conservatory of Music. This is perhaps the best year which this department has had since the Conservatory and College were merged in 1903. The number of students (328) is larger than in any previous year and certainly the standard of work is well on a par with the best achievements of the past. The Eliphalet W. Blatchford Memorial Organ which was installed in the Recital Hall last summer, is proving to be a very useful addition to the equipment of the department. Friends of the school will be pleased to learn that there will be few changes on the faculty next year. Miss Virginia Bullard, who has been serving as an instructor in piano, has other plans and, therefore, will not return to her position. Miss Eloise Capps, herself a graduate of the Conservatory, has been added to the staff as an instructor in violin.

ACADEMY HALL.

Academy Hall, the home of our girls, like other departments, has also had a successful year. In the fall, rooms had to be rented in a private home near the Hall in order to provide accommodations for girls who could not be housed in the dormitory; although subsequent changes in registration made it possible to accommodate all of our girls at Academy Hall. Some improvements were made at the Hall during the year, most important of which was the installation of a new shower room and lavatory on the second floor of the south wing.

Since the limit of our dormitory accommodations for women has nearly been reached, I believe we should soon give serious consideration to the matter of enlarged accommodations for women. The proportion of women has not been increasing, the number remaining at about one-third of the total college registration, but the increasing body of students has of course increased the total number of women in the institution. If additional women in any large numbers are to be admitted into the College, new dormitory facilities will soon have to be provided.

STUDENTS.

In spite of the abolition of the preparatory department, the number of students has been steadily increasing. This year there were 233 students in the College, as compared with 196 in the previous year, and a total of 523 different students in all departments as compared with 484 in 1919-20. The freshman class this year numbers 103, exclusive of 13 specials, many of whom will doubtless qualify as candidates for degrees in the course of time. If the freshman class of next fall is as large as the one which entered last fall, our capacity will be taxed to the utmost. The time is at hand when more adequate equipment and resources are imperatively needed to enable us to provide an education for the increasing numbers who are knocking at our doors. The question has often been asked whether the number of students entering the colleges and universities of the land is apt to go on increasing in the years ahead of us. Unless the country should enter upon an era of financial depression much worse than we have yet experienced, I see no reason why the students wishing to enter our colleges should not continue to increase for several years to come. The natural increase of population, the great development of public high schools throughout the country, and especially in the state of Illinois, the growing appreciation of the value of a higher education, are factors which are bound to swell for some time to come the number of those who are seeking a college education. In the opinion of the United States Commissioner of Education, the present tendency of college students to increase is apt to continue for another decade, barring, of course, a financial catastrophe, war or some other critical situation in the country.

Student activities have proceeded with enthusiasm and encouraging success during the year. Especially noteworthy have been the victories of our debating teams which won five out of six intercollegiate debates held with Knox, Carthage, and Augustana. Our athletic efforts have been conducted with average success and in the usual sportsmanlike manner under the capable direction of Coach W. T. Harmon. The Dramatic Club has resumed its series of Shakespearean plays for the first time since the war, a very creditable performance of Midsummer Night's Dream having been given on the campus this spring. Professor Ames of the English department deserves great credit for his able direction of this performance. I wish especially to commend the activity of the Young Women's Christian Association during the past year. The girls deserve great credit for the progress which they have made in their association work. In the early spring, a series of special meetings addressed by J. Stitt Wilson of California were held under the auspices of the Y. M. C. A. These addresses, relating chiefly to the call to Christian service in the social and economic field made a profound impression upon the student body. As a result of the interest created, several study classes enrolling about sixty students were organized. Plans are under way for the representation of the Christian Associations at the Geneva Conferences of this summer. It may be of interest to state that a new society, Osage, was inaugurated by the senior class this spring. This organization is patterned somewhat after the so-called senior societies in other colleges and universities. Its main objects are the recognition of success in the various activities of college life and the cultivation of a spirit of greater loyalty to the College. The society is not a secret fraternity.

The faculty published again this year the relative scholastic stands of the various literary societies. The following were the scholastic standings at the end of the first semester:

Agora	85.47%
Phi Alpha	83.95%
Sigma Phi Epsilon	83. %
Gamma Delta	82.14%
Non-Society Women	81.60%
Sigma Pi	79.87%
Non-Society Men	76.41%

RECONSTRUCTION OF STURTEVANT HALL.

Sturtevant Hall will be reconstructed without any changes in the general architecture of the building. Additional room is greatly needed, and it would have been an excellent plan if the building could have been extended towards the west. However, it was not thought wise to undertake such an improvement at a time when all friends of the college are being urged to make donations to the new Endowment and Library Building Fund. The plans for the reconstruction of Sturtevant Hall provide for (1) changing the chemical laboratory from the second floor to the first floor; (2) for an additional chemical laboratory in the west end of the basement; (3) for changing the biological laboratory from the first to the second floor; (4) for a large lecture room in the east end of the second floor.

FINANCIAL AID FOR STUDENTS.

Throughout its history, Illinois College has attracted large numbers of promising young people of slender financial means. It has always been our policy to do everything in our power to aid this class of students. A few years ago when Illinois College received the magnificent gift of the Williams Memorial Scholarship Fund, it seemed as if the scholarship needs of the College had been provided, for many years to come. However, on account of the increasing number of students and the increase in tuition rates, the situation has already changed materially. The College receives nearly \$8000 a year from the Williams Fund and approximately \$1175 from other scholarship endowments, making a total of about \$9000, available annually for the aid of needy and deserving students. This amount so ample a few years ago, is no longer large enough to enable us to take care of all of the worthy cases.

THE ALUMNI.

The interest of the alumni in their alma mater grows warmer and stronger each passing year. The organization of a new Alumni Association on the Pacific Coast—The Illinois College Society of Southern California—bears testimony to the increasing activity and loyalty of our alumni. This new society was organized early in the spring under Mendel G. Frampton '98 as its first president, and Egerton L. Crispin '02 as its secretary. As long as we hold the affectionate loyalty of our graduates and former students, the future of the College is not only safe, but bright. We of the Trustees and Faculty feel deeply grateful to the host of alumni and former students who during the last year or two have so heartily and generously supported the campaign for the New Endowment and Library Fund. Their warm interest in the cause inspires us to still greater effort for the College.

Not only have the alumni given strong support to the special financial campaign which is now under way, but they have at the same time continued their subscriptions to the Alumni Fund Association. The ninth annual report of that association issued last fall, shows a total membership of 484 and total subscriptions for the year amounting to \$3184. The total Alumni Fund Endowment now in the treasury of the College amounts to \$14,324. When it is remembered that the Alumni Fund Association, while establishing this substantial alumni endowment, has also contributed over \$6000 to the running expenses of the College and nearly \$3000 to other endowment funds, it is evident what a tower of strength this organization is. Memorial memberships in the Association were established during the year for George W. Moore, '56, Hugh M. Wilson, '87 and Lawrence E. Milligan '97. The members of Sigma Pi are still at work on the fund for the establishment of memorial memberships for all of their founders and the members of Phi Alpha have begun the collection of a new fund for the establishment of memorial memberships for those members of Phi Alpha "Who by reason of loyalty and service are deemed worthy of being thus honored". Mr. Harry J. Dunbaugh is chairman of the Sigma Pi committee and Mr. William D. Wood of the Phi Alpha committee.

The following are the alumni and former students whom death has taken from us during the past academic year:

Alumni	
Ayres, James C.	'58
Epler, James M.	'58
McCowan, James	'58
Keplinger, Hardin G.	'61
Pitner, Dr. Thos. J.	'62
Wakely, Dr. Thos. A.	'62
McClung, James S.	'63
Connel, Joseph B.	'76
Rannells, Charles S.	'79
Read, Frank	'88
Former Students	
Drendorff, Dr. Charles	'56
Melton, John W.	'64
Beekman, J. Blankenship	'65

To the relatives of these men, once students in our midst, we express our sincere sympathy.

ALUMNAE OF THE ACADEMY, ATHENAEUM AND CONSERVATORY.

It is a pleasure to express a word of special thanks and appreciation to the alumnae of the Academy, Athenaeum and Conservatory. Their continued interest in the College and especially their active aid in the New Endowment Campaign are a great encouragement to us. When one considers the intimate historic relations between their old schools and the college, it is especially gratifying to see their alumnae stand with our own graduates in the effort to advance the cause of higher education in the Middle West.

FINANCES.

Making the annual allowance of about \$200,000 for the Williams Scholarship Fund, which is in the custody of a trust company, the College now has a total endowment of \$712,200. The total resources of the College, including both the endowment fund and plant, now amount to well over a million dollars—to be exact \$1,051,355. While we rejoice in this steady financial growth, we must not forget that the College in order to do justice to its faculty and to accomplish its high mission in the field of education, imperatively needs still larger funds.

I am pleased to announce that notwithstanding certain apprehensions at the beginning of the year, we have closed the year without a deficit in the current account. On the contrary there is a small estimated balance of about \$800. When the substantial increase made in faculty salaries and the other increased expenditures in practically every item of the budget are considered, this financial showing of the year is somewhat surprising and certainly very encouraging. By action of the Trustees, this balance of the year is to be added to the fund for the restoration of Sturtevant Hall. The insurance on the building will not by any means pay for its restoration and improvement and so it will be necessary for the Board to devote every available cent in the College expense and income account to this work.

THE NEW ENDOWMENT AND LIBRARY FUND.

New subscriptions aggregating about \$68,000 have been added to our New Endowment and Library Fund since last commencement. To date a net total of about \$320,000 has been subscribed to the New Fund of \$500,000. Especially noteworthy among the larger subscriptions was the donation of a farm of two hundred acres by a friend who modestly desires to remain unnamed and \$10,000 cash from a great-granddaughter of Mason Grosvenor, one of the founders of the College. To these two generous friends, we express our thanks, but no less grateful are we to a host of alumni and friends who from their smaller means have made generous subscriptions. Two of our alumni classes '94 and '04 have established a hundred percent record in the Endowment Campaign—that is, every alumnus in the class has made a subscription. All honor to these classes and may their fine example of loyalty inspire others to do likewise. The classes which hold the record for the largest subscriptions are still the three which led the list last year:

'91	\$13,895
'82	4,660
'79	3,565

Considering the financial conditions prevailing in the country, we have every reason to feel encouraged over the progress of our campaign. The sum of \$180,000 still remains to be raised to complete the New Fund. The trustees have set January 1, 1922, as the date for the conclusion of our effort. What the alumni and friends of the College must accomplish within the next six months is therefore clear. With confidence in the worthiness of our cause, and trust in Almighty God who has watched over this College these many years, we shall not fail.

A TEXAS WONDER

For kidney and bladder troubles, gravel, weak and lame back, rheumatism and irregularities of the kidneys. (If not sold by your druggist, by mail, \$1.25. Small bottle often cures. Send for sworn testimonials. Dr. E. W. Hall, 2926 Olive St., St. Louis, Mo. Sold by all druggists.—Adv.

Daily Market Report

WHEAT MARKET
STRIDES DOWNWARD
CHICAGO, June 16.—Heavy
selling ascribed to eastern long-
turned the wheat market sharply
downward today after a material
advance due in the main to bull-
ish crop reports. The close was
weak at 1c to 1c up, net decline,
with July \$1.28 to \$1.28 1/2 and
Sept. \$1.21 1/2 to \$1.21 1/2; corn gain-
ed 1/2¢ to 1¢ and oats finished 1/2¢
to 1¢ up. In provisions, the out-
come ranked from 10¢ decline to
a like advance.

Crop experts held the attention
of the wheat pit during nearly
the whole of the first half of the
day with messages telling of
threatening of black rust condi-
tions in the northwest and dam-
age by adverse weather and by
insect pests thruout large areas
of Ohio and Indiana. Assertions
that the black rust had appeared
in Minnesota as well as in South
Dakota counted as a special bul-
lish factor and so did a rise in
foreign exchange. Gossip, how-
ever, that big export sales to Italy
had been made brought denials
and were followed by selling on a
large scale. Toward the last, the
bears put emphasis on re-
ports that country offerings were
on the increase with Missouri
tendering new grain to St. Louis
for immediate shipment, and with
harvesting as a whole said to be
making rapid progress.

Activity on the part of export-
ers was more or less responsible
for strength in the corn market.
Oats were given a lift by unfa-
vorable reports concerning the
crop outlook.

Provisions showed irregular-
ity being affected on one side by
lower hog values and on the other
by grain strength and by talk
that the packers had received a
\$500,000 payment from Germany.

MEREDOSIA GIRL WEDS
MT. STERLING MAN

Miss Edith Unland Becomes
Bride of Marcellus A. Hagel at
Mt. Sterling Wednesday Morning—Will Reside in Mt. Sterling.

Meredosia, June 16.—The marriage of Marcellus A. Hagel of Mt. Sterling and Miss Edith Unland of Meredosia was solemnized at 5 o'clock Wednesday morning at St. Mary's church in Mt. Sterling, Rev. Father Butler officiating. The ceremony was witnessed by a large company of relatives and friends of the young people and was of a very impressive character. The attendants were Miss Mary Stann and Everett Brockman, both of Mt. Sterling.

The church was beautifully decorated for this wedding event, cut flowers and ferns being used in great profusion. Following the ceremony an elaborate wedding breakfast was served at the home of the groom's parents, Mr. and Mrs. J. C. Hagel.

The bride is a daughter of Mr. and Mrs. Frank Unland, who are among the most prominent

residents of Meredosia. She is a young woman of charming personality and is exceedingly popular in her home community.

Mr. Hagel belongs to a well known Mt. Sterling family and has the reputation of being a young man of more than the ordinary ability and strength of character. He holds a responsible position in the First National bank of Mt. Sterling.

Following a brief wedding trip to the southeast part of the state where they are to be guests of the bride's sister, they will return to Mt. Sterling to make their home. Mr. and Mrs. Hagel have the hearty congratulations and best wishes of their numerous friends.

MISS HILLERBY VISITING HERE.

Miss Ruth Hillerby who formerly lived here arrived in the city Tuesday and will make a visit of several weeks. She has been teaching in Warren, Ohio, during the past year. After leaving here she expects to go to Pasadena, Cal., to spend the coming year with her parents, Mr. and Mrs. Carl S. Hillerby. Miss Hillerby will have a leave of absence for the coming year and plans to attend school in California next winter.

Misses Frances Reagel has returned from St. Louis where she has been visiting relatives.

Miss Velmar Story of Jacksonville, is visiting her sister, Mrs. Clark Hills.

BIRTH RECORD

Born to Mr. and Mrs. William Newman Thursday morning at Passavant hospital a son.

MANY ATTEND WHITE
HALL BIBLE SCHOOL

Second Day's Enrollment at Vacation Bible School of Presbyterian Church is 197—Other White Hall Items of Interest.

White Hall, June 14.—The Vacation Bible school in the Presbyterian church has started off under the most favorable auspices. Today, the second day, the enrollment is 197, divided into five departments as follows: Kindergarten, 42; Georgine Piper, Helen Griswold; senior girls, 17; Adelaide Denham, Mrs. Guy Lowenstein; junior girls, 54; Helen Worcester, Alice Potts; junior boys, 47; Ruth Evans; senior boys 37; Harry L. Winn. The school will continue daily sessions, except Saturday and Sunday, until July 15th, with educational moving pictures in the Princess theatre each Friday afternoon, designed especially for children. The sessions are held from 9 a. m. until noon.

Mr. and Mrs. L. V. Vermillion and two sons will start on their return to Baker, Oregon, Thursday.

There is said to be method in the decision of the Evans shows to remain in Alton this week, settling its White Hall date a week later in order to hold the grounds wanted by the Puleen people and another carnival outfit. All the injustice and tyranny in the theatre business is not confined to the local theatre trust, as these manoeuvrings of traveling aggregations indicate.

H. C. Morris returned last week from Ripley, Brown county which place he has just visited for the first time in fifty-two years. Like other local potters, Morris migrated to White Hall from the Brown county clay town, as indicated in notes on a history of the White Hall clay industry as being prepared by E. L. Wendell. The first authentic account of clay activities at White Hall were by the late John N. Ebey, who came to White Hall from Springfield in 1827, after having experimented with the manufacture of stoneware in the capital city.

Brown-Winn Wedding
A pretty home wedding was solemnized at 2:30 o'clock today at the home of Mrs. Cora Winn on East Sherman street, the principals being her daughter, Miss Mildred, and Mr. Robert J. Brown of Springfield. The officiating clergyman was Rev. Lee A. Hanchett, pastor of the Presbyterian church. The room was neatly

decorated with a predominance of roses and sweet peas, the color scheme being pink and white. Miss Marion Winn served as bridesmaid and Mr. Elmer Winn as groomsmen, they being sister and brother of the bride. There was a small company of relatives and close friends, twenty-four, and all the details were carried in a simple manner. A wedding feast followed, and the couple left on the evening train on a wedding tour to St. Louis and Chicago. They will make their home in Springfield, out of which city the groom has a run as an engineer on the C. and A.

The wheat harvest will begin in this vicinity next Monday, and it is estimated that there are approximately 6,000 acres contiguous to White Hall that will run from 16 to 20 bushels to the acre. This will require an early supply of about 80 grain cars in order to expeditiously handle the crop, and this is the basis on which the railroads are figuring the local demand for cars. Every point is being turned by local interests to secure the best possible service in handling this season's wheat crop from White Hall, and the results of this effort will determine the value of co-operative effort. There have been sufficient rains recent-

ly to keep all vegetation in good condition and yet result in little inconvenience to highway traffic. At the present time the roads are again becoming dusty.

The young men's class of the First Baptist Sunday school last Sunday adopted resolutions expressing regret because of the loss of their teacher, Robert G. Smith, who is soon to leave on Rushville. Mr. Smith has been largely instrumental in bringing the class to its present large size and his departure is a cause for regret not only in the Sunday school and church but in the community as a whole.

RETURN TO CHICAGO

Dr. and Mrs. George Baxton returned yesterday to Chicago after spending several days with Mr. and Mrs. H. H. Bancroft on Westminster street.

Mr. and Mrs. Homer Reid of Chicago motored to the city yesterday and are guests of Mrs. John M. Reid.

Mrs. W. O. Swales and some friends left by auto yesterday for Meredosia where they will spend a week. Dr. Swales expects to go down for the week end.

STARTING TODAY

We Begin a Three Day

GET ACQUAINTED SALE

Blouses, Skirts, Dresses, Millinery, Piece Goods, Etc.

We are here to stay—
To stay we must
please

The bargains that we are offering in this sale would be considered really extraordinary for a huge store in a big city. In coming to Jacksonville, as was the case in other big cities where we have established stores, it is our intention to give you the same buying advantages possessed by residents of St. Louis, Chicago, or any other large city, and there is no reason why that should not be so.

Our buying connections are such that we are able to purchase high grade goods, while they are in style, and in turn sell to you at prices unequalled for fairness. It is not our practice in conducting these sales to announce a few leaders. Our policy extends to every article handled by this store, both as to quality and price. Neither is it our policy to announce extra low prices just to get you to come to our store. Stop and consider for a moment just how suicidal such a step would be to our business.

As we said at the beginning, "We are here to stay—and to stay we must please." Therefore, the policy which marks the commencement of our business relations with you must be carried out consistently throughout our business life.
